## MERMOZ MAKES TRANS-ATLANTIC TEST FLIGHT

### FLIES FROM SAINT LOUIS, SENEGAL, TO NATAL, BRAZIL

PIONEERS FOR OCEAN AIR MAIL SERVICE OVER THE ROUTE

MAKE FIRST COMMERCIAL AIR CROSSING OF SOUTH ATLANTIC

Natal, Brail, May 13.—(U.P.)—Jean Mermoz and two companions completed a trans-Atlantic test flight preparatory to establishing an ocean air mail service when they landed here from St. Louis, Senegal, at 6:15 A. M. today.

Mermoz, Navigator D'Abry and Radio Operator Gimie brought with them 308 pounds of French mail, thereby making their flight the first commercial air crossing of the South Atlantic despite eight previous trans-Atlantic flights along the southern route.

The big seaplane of the Compagnie Aeropostale was brought to a landing here approximately 20 hours 15 minutes after taking off from Saint-Louis, where it had picked up the mail from the regular Toulouse-to-Saint-Louis mail plane.

Mermoz left Saint-Louis at noon G. M. T. yesterday on his flight preparatory to opening an air mail line between France and Brazil. He carried aboard his seaplane mail brought from Toulouse to Saint-Louis aboard the regular French air mail plane.

Two companions were with Mermoz, D'Abry, navigator, and Gimie, radio operator. The plane carried enough fuel to last 20 hours, although the flight across the South Atlantic could be completed, with good luck, in twenty.

Heavy rains fell along most of the route plotted for the crossing, and Mermoz was forced to swerve from his course once to avoid the worst of the storm. Despite the hindrance of rain and fogs, he flew steadily on keeping in touch with both sides of the Atlantic and with passing ships.

Unlike many other trans-Atlantic flights, Mermoz kept in such close contact with the world that the danger of his undertaking was minimized considerably. From the moment he lifted the plane from the waters at Saint-Louis, he sent frequent messages sometimes telling what the crew was doing, sometimes merely reporting that all was well.

Only once was there any evidence of danger. That was when the radio station at Rio De Janeiro received an urgent message from him at 11 P. M. yesterday which said:

Passing through heavy rains. Visibility lacking. Taking new course to avoid tempest. Interior cabin wet."

A few minutes later he advised the weather was still bad, but that the visibility had improved and the sea was rough.

A number of Aeropostale mail ships, at different points across the Atlantic reported communications with the plane as it passed overhead or nearby.

### ATTORNEYS FOR OSCAR E. DAHLY SEEK NEW TRIAL

Duluth, Minn., May 13.—(U.P.)—Attorneys for Oscar E. Dahly, former Duluth customs collector convicted of conspiracy charges against the government, today were preparing for their plea for a new trial which Judge W. A. Cant will hear on June 7 in federal district court.

Dahly and Ernest W. Beaton, former special customs agent who was convicted at the same time, were granted an additional stay of sentence by Judge Cant when they appeared in court yesterday.

Dahly was sentenced to two years at the federal prison at Leavenworth and fined \$3,000 while Beaton was sentenced for a year and a day. They were granted 50 day stays when sentence was imposed last March.

### Coroner Investigates Drowning of Machinist

Madison, Wis., May 13.—(U.P.)—Coroner William E. Campbell today was investigating the drowning of Leonard F. Bringgold, 26, machinist, whose body was found in the Tahara river yesterday.

Bringgold had been missing from his rooming house here since May 1. The fact that a long deep cut was found on his head led officials to believe he might have been struck with a weapon before falling into the water.

A former resident of Minneapolis, Bringgold has a sister living at Rochester, Minn., and other relatives living at Zumbrota, Minn.

### BISHOP'S SON MAKES PLEA OF NOT GUILTY

New York, May 13.—(U.P.)—James M. Maxon, Jr., son of the bishop coadjutor of the Episcopal diocese of Tennessee, pleaded not guilty today to a charge of second degree murder and was released in \$15,000 bail.

Maxon will leave for his home in Chattanooga to await trial. He was indicted in connection with an alleged fatal attack on David Paynter, 73, while under the influence of alcohol.

### FIRE THREATENS BUSINESS DISTRICT OF WILLARD, OHIO

Willard, O., May 13.—(U.P.)—Fire was threatening to destroy the entire business district here today.

The blaze, starting shortly after 10 a. m., first destroyed three business buildings and was spreading to two others.

Fire apparatus from Ashland and Norwalk was called in a desperate effort to get the flames under control.

### FRIDTJOF NANSEN, NORSE EXPLORER, DIES TODAY AT OSLO

DESPITE ADVANCED AGE, 68, ACTIVE IN ARCTIC EXPLORATION PLANS

RECENTLY ATTEMPTED TO ORGANIZE AERIAL EXPEDITION TO NORTH POLE

Oslo, May 13.—(U.P.)—Fridtjof Nansen, the famous Norwegian explorer, died today at the age of 68.

Death occurred at noon.

Nansen, despite his advanced age, still was actively engaged in Arctic exploration plans and recently had attempted to organize an aerial expedition to the North Pole. The plans were delayed when the Dirigible Graf Zeppelin, which was to have been used on the flight, was not made available by the Zeppelin company.

Nansen, whose greatest polar explorations were made in the last year of the 19th century, also was famous as a statesman and scientist. In 1923 he won the Nobel peace prize for his work in further international amity and in famine relief in Russia.

Nansen died unexpectedly and neither his friends nor doctors were present. He was attacked suddenly by paralysis of the heart and died within a few moments.

The explorer had been confined to bed for some time with pleuritis of the leg, but in recent weeks was better and able to sit up.

Earlier in the year he had been reported seriously ill but as his condition bettered, he continued to think and plan of his cherished dirigible trip to the north pole. It is recalled that in January, 1929, he visited the United States to persuade the American government to erect a mooring mast at Nome, Alaska. The Zeppelin's crew's refusal to participate in the flight because the backers were unable to arrange adequate insurance for the members of the expedition led to the halting of the plans.

### Secretary of Defunct Diamond Motor Parts Co. Surrenders Today

St. Paul, May 13.—(U.P.)—Frank B. Moxham, St. Cloud, former secretary-treasurer of the defunct Diamond Motor Parts Co., St. Cloud, today surrendered to United States marshals.

He was the first of the 29 officials and salesmen of the concern to give himself up. He was released on \$5,000 bond.

Indictments against those connected with the company were voted by the federal grand jury in April on charges of mail fraud.

The government alleged that investors lost approximately \$2,000,000 through the operations of the concern. United States marshals are conducting a nation-wide search for the other 28 defendants.

### Senator Shipstead Presents Petition on 9 Foot Channel

Washington, May 13.—(U.P.)—Senator Shipstead, farmer-labor, Minnesota, today presented to the senate commerce committee a petition signed by 21 senators from 16 states urging a nine foot channel on the upper Mississippi to Minneapolis and St. Paul.

### NATIONAL GUARD ARMORIES CLOSED TO BOXING SHOWS

St. Paul, May 13.—(U.P.)—National guard armories throughout the state were closed to boxing bouts today by order of Adjutant General E. A. Walsh.

The order affects armories at Rochester, Red Wing, St. Cloud, Moorhead, Faribault and other Minnesota cities.

Walsh's order was issued in an effort to stop illegal boxing matches in the smaller cities of the state. He pointed out that it had come to his attention that the illegal fights were being staged in national guard armories.

### BLAINE AND McBRIDE IN A HEATED ARGUMENT

"EVEN CRUEL AND WICKED TYRANT CLAIMED GOD'S SUPPORT," SAYS BLAINE

BLAINE AND McBRIDE IN A TILT AT SENATE LOBBY INVESTIGATION

Washington, May 13.—(U.P.)—Every cruel and wicked tyrant of the past has always claimed the support of God," Senator Blaine, republican, Wisconsin, told F. Scott McBride, general superintendent of the Anti-Saloon League at the opening of today's senate lobby committee inquiry.

Blaine, the only wet member of the committee, challenged vigorously McBride's claim of divine origin for the league, but McBride declined to answer that line of questioning.

McBride became indignant when Blaine opened his third day of examining the dry leader with the question: "After a week-end of reflection do you still believe in the divine right of kings?"

"I don't care to answer that?" "You refuse to answer?" "I don't care to."

"Don't you know every cruel and wicked tyrant of the past always claimed the support of God?" "No. I don't know that and I don't think you do either."

Don't you know burnings at the stake and the wicked inquisitions were justified on the ground the perpetrators were acting at the instance of God?"

McBride made no answer as Chairman Caraway of the committee interrupted and advised Blaine to take a new line of questioning.

"What has that got to do with lobbying?" he heatedly demanded McBride who last Friday testified the league was "born of God and will fight on while He leads."

The examination then turned to the efforts of the dries to prevent their supporters from voting in referenda.

In explaining, McBride said: "The wets put out these referenda as stuffed rabbits for us to run after when there is big game to be got. Why should we run to catch a train when we are already on it? Why play a tenth inning of the ball game when the ninth is finished and the game is already over?"

McBride insisted on talking and Blaine repeatedly appealed to the chairman to stop him. The dry leader, however, would not be downed and even against Caraway's advice insisted on talking about referenda.

McBride later passed out to newspaper men the following prepared statement of the attitude of the league as written by the executive board:

"Resolved: That it is the sense of this board that the temperance forces of the United States should not be diverted from the main issues in any election by so-called wet and dry referenda on the 18th amendment or the national prohibition law, which referenda are without authority under the constitution and which are legally futile and can have no binding effect. In any state referenda having to do with laws or state constitutional provisions which will have a legal and binding effect, the temperance forces should take an active part."

When McBride declined to answer questions about the administration of the late Wayne B. Wheeler over the league, Blaine demanded that the committee call Justin Steuart, former secretary to Wheeler, who wrote the book, "Wheeler, The Dry Boss."

"We will take that up later," said Caraway.

McBride named the following churches as contributors to the league, Methodist Episcopal, North and South; Baptist, North and South; Presbyterian, United Presbyterian, Evangelical and Lutheran.

Washington, May 13.—The prohibition law may permit the manufacture of beer and wines in the home, F. Scott McBride, general superintendent of the Anti-Saloon League, guardedly told the senate lobby committee today.

McBride said Rep. Franklin Fort, republican, New Jersey, "may be right" in his contention that such manufacture of malt liquor is lawful. He qualified this statement, however, with the later assertion the league has taken no position on the matter and that he was not sure whether the home-brewing loophole was open.

McBride also admitted during his third day on the stand the league supported some dry congressmen who drink.

### CARLOAD OF LIQUOR BILLED AS LUMBER

Chicago, May 13.—(U.P.)—Billed as lumber, a carload of liquor worth about \$100,000 was in the possession today of federal agents who indicated the shipment had been made to the Capone liquor syndicate here by its organization in Florida, where "Scarface Al" Capone now is wintering.

The "lumber" shipment was seized by the government men after they had futilely lain in wait for several days in the Illinois Central railroad freight yards, hoping for the consignees to claim it.

The box car was loaded with 1,500 sacks, each containing 12 pint bottles of bourbon whiskey. Around the piled sacks were thin stacks of lumber serving as a "blind."

When McBride declined to answer questions about the administration of the late Wayne B. Wheeler over the league, Blaine demanded that the committee call Justin Steuart, former secretary to Wheeler, who wrote the book, "Wheeler, The Dry Boss."

"Not very many of them," he said. "Most of them exist only in newspaper headlines."

"Does the Anti-Saloon League believe with Mr. Fort that you can make liquor in your home?" asked Chairman Caraway.

"It was a great surprise. We are divided on the question. He may be right. I think there are certain phases of the law—well the law is not 100 per cent good yet and there may be loopholes to permit manufacture in the homes."

What are the holes in it?" "I don't know."

The committee then adjourned until next Tuesday when McBride will be recalled.

Earlier in today's session, McBride became indignant when Blaine sought to question him further about his claim of "divine origin for the league."

When he refused to answer, Blaine said "every cruel and wicked tyrant of the past has always claimed the support of God."

### PRAY FOR BREAK, RAIN CONTINUOUS SINCE MAY 1

METEOROLOGISTS SAY FLOOD STAGE MAY BE REACHED BY END OF WEEK

THE BLUE RIVER OF NEBRASKA NEARS CREST, FIGHT ON TO SAVE PROPERTY

St. Paul, Minn., May 13.—(U.P.)—Creeping up at the rate of a foot a day, the waters of the Mississippi today were advancing toward the flood stage as rains in the river basin continued.

Unless there is a break in the precipitation which has been almost continuous since May 1, the river will be near the flood mark by the end of the week, meteorologists said.

The river has risen four feet in the last four and a half days. There has been more than 3.21 inches of rain since May 1 in St. Paul, bringing the total within .17 inches of a 10-year record. Similar marks have been reported throughout the upper river valley.

Only the fact that the river was at an extremely low stage on May 1 has prevented a more dangerous rise, the weather bureau reported.

Lincoln, Neb., May 13.—A fight to save property and lands from being inundated by flood waters was waged today along the Blue river as the crest of the waters moved further down stream.

While the menace of floods remained at Seward, the battle against the waters was being shifted further south to Crete and Beatrice.

### HE USED JIMMY VALENTINE METHODS

St. Paul, May 13.—(U.P.)—Using Jimmy Valentine methods, a delicate fingered burglar pried open the rear door of the St. Clair theater, solved the combination of the safe and made off with \$458, the manager reported today.

### Erstwhile 'Boy Sheriff' is Held for His Trial

Mauston, Wis., May 13.—(U.P.)—Lloyd Wright, erstwhile "boy sheriff" of Juneau county, was held for trial in circuit court here next month after preliminary hearing yesterday on charges of murdering Dist. Atty. Clinton G. Price.

### Condition of Woman Who Shot Minneapolis Alderman Improving

Minneapolis, May 13.—(U.P.)—The condition of Mrs. Mary Riley, who shot Alderman J. Russell Sheffield Saturday and then attempted to commit suicide, was slightly improved, Dr. Walter J. List, superintendent of the General hospital, said today.

### FLIER AFTER RECORD, IS ACCOMPANIED BY LION CUB

Los Angeles, May 13.—(U.P.)—Col. Roscoe Turner, accompanied by a lion cub, left here today at 1 a. m. P.S.T. for New York in an attempt to establish a new transcontinental speed record.

Col. Turner planned to follow a similar course as that flown by Col. and Mrs. Charles A. Lindbergh when they recently established a record of 14 hours 23 minutes and 25 seconds for the flight.

### COLLEEN MOORE WINS DIVORCE IN LOS ANGELES

TELLS STORY OF HUSBAND WHO ALWAYS WAS IN AN UGLY MOOD

SUPERIOR JUDGE GRANTS HER AN INTERLOCUTORY DECREE

Los Angeles, May 13.—(U.P.)—Her story of a husband who always was in an ugly mood and who never apologized won a divorce here today for Colleen Moore, one of the screen's best known players.

Superior Judge Thomas Gould granted her an interlocutory decree after the actress testified briefly of many humiliations she suffered from John E. McCormick, prominent motion picture producer.

The actress, bringing the suit under her real name, Kathleen Morrison McCormick, was on the verge of tears as she took the stand in the crowded courtroom and recited details of her married life.

McCormick, she said, frequently made disparaging remarks about her friends.

"He was always in an ugly mood when my friends called," the actress said. "He would say they bored him or that they did not have any taste. He never apologized."

The final separation from her husband came last March 7, just after she returned from the hospital accompanied by a nurse after a surgical operation.

"When the nurse and I arrived," Miss Moore declared, "Mr. McCormick ordered us from the house. I had no choice and simply left. He had become worse and worse and I couldn't stand it any more."

She related the humiliation she suffered when she was visited in her house last February by Julianne Johnson, another screen actress.

"I was most embarrassed," Miss Moore said, "when my husband came out and told her, 'Why in the hell don't you get out of here, I want to go to bed.'"

She said that a property settlement was agreed upon out of court.

McCormick did not contest the suit. The pair married Aug. 18, 1923.

### OVERCROWDING IN STILLWATER STATE PENITENTIARY

Stillwater, Minn., May 13.—(U.P.)—Overcrowding in the Stillwater state penitentiary has become a serious menace, the Washington county grand jury reported today.

Jurors who inspected the prison declared that they found the prison cells overflowing. Many prisoners are forced to sleep on cots in the halls, they said.

Immediate action on the part of the state to relieve conditions was demanded in the report of the jury. Jurors said that they felt continuance of the congestion might lead to serious trouble.

### LABOR GOVERNMENT DEFEATED IN THE HOUSE OF LORDS

London, May 13.—(U.P.)—The labor government was defeated in the house of lords today when an amendment to the coal mines bill was passed over the government's opposition, 134 to 28.

No governmental crisis was expected to result. The government has sustained minor defeat in both the house of lords and commons in recent months without resigning.

### CONGRESS TODAY

Senate  
Opens debate on prohibition transfer bill.  
Continues hearings on London naval treaty.  
Continues lobby investigation.  
Resumes hearings on rivers and harbors bill.  
House  
Resumes consideration of naval appropriations bill.  
Judiciary sub-committee considers bills for additional federal judges.

### SPREADING OF DISAFFECTION BEING CHECKED

GOVERNMENT ESTABLISHES ITS MILITARY OCCUPATION OF CITY OF SHOLAPUR

IS SCENE OF MOST SERIOUS FIGHTING OF NATIONALIST INDEPENDENCE MOVE

Peshawar, India, May 13.—(U.P.)—Mobile squadrons of British troops and bombing squadrons moved vigorously today against rebellious groups inspired by the tribal leader, Haji Turangzai, who has encamped his troops near Peshawar.

Spread of disaffection in nearby villages was being checked by the British raids, and authorities reported they were restoring full control. Turangzai has been ordered to withdraw his troops under threat of drastic armed action.

By FRANCIS LOW (United Press Correspondent)

Bombay, India, May 13.—The government established military occupation and martial law in the city of Sholapur, scene of the most serious fighting of the nationalist independence movement.

Determined to suppress all centers of disorder before violence could spread to other districts, the government also made wholesale arrests at Shiroda and Belgium, where Mrs. Sarojini Haidu—woman leader who fell heir to the authority of Mahatma Gandhi—first indicated her determination to continue vigorously the passive resistance campaign.

The arrests were made when a group of national congressmen raided the Shiroda salt works and removed a quantity of salt, it was announced officially here.

The Shiroda works is a small depot in the Ratnagiri district, Bombay presidency.

Thirty-seven other volunteers were arrested at Belgium, capital of the District of Belgium when they ignored a magistrate's orders and erected a huge bonfire of foreign made cloth in the town's market place. The magistrate had forbidden the bonfire, fearing disturbances.

The government was warned by a committee of the India Merchants Chamber for the second time today that the "spirit of Gandhi has come to stay."

The warning was given in a statement from the committee protesting the arrest of Gandhi under a statute 100 years old.

"While Gandhi may be behind iron bars, the Gandhi spirit has come to stay," the statement said. "That spirit cannot be dealt with by depression, but only by conciliation, and that in good time."

Precautions were taken at Lahore where 18 Indian prisoners attempted to incite a fresh outbreak. The prisoners smashed the dock in the Lahore courtroom where they were on trial for conspiracy and police fought with them before the rioters would submit to being handcuffed. They sang revolutionary songs and shouted defiance to the government despite commands of the court and efforts of police.

Peshawar also remained tense in view of the danger of raids by tribesmen and of independence demonstrations, but troops were strongly entrenched in the city.

Otherwise the government appeared confident that the authorities were in control of the general situation.

Jalapore, India, May 13.—Abbas Tyabji, prominent Baroda jurist who succeeded the imprisoned Mahatma Gandhi as leader of the independence movement, was sentenced to three months' simple imprisonment today after a trial before a magistrate's court.

Abbas Tyabji, who was arrested when he prepared to carry out Gandhi's plan for raids on government salt depots, was succeeded by Mrs. Sarojini Naidu as leader.

The native leader, Jagatram, who was tried with Abbas Tyabji, was sentenced to six months' rigorous imprisonment.

Others on trial were sentenced to three months in jail except four youths, who were warned and released.

Calcutta, India, May 13.—One hundred casualties have occurred in the province of Assam since May 9 in connection with the Moslem festival of Bakr-id, it was learned today.

Three deaths were reported as a result of communal clashes between Moslems and Hindus.

Assam is a province of British India located between Burma and Bengal. The seat of the British administration is at Shillong, in the Khasi hills. It became a British province in 1826.

The blackened ruins of the Armour & Co. plant's smokehouse at St. Joseph, Mo., where twelve are known to have died in a terrific blast.

BLAINE AND McBRIDE IN A TILT AT SENATE LOBBY INVESTIGATION

Washington, May 13.—(U.P.)—Every cruel and wicked tyrant of the past has always claimed the support of God," Senator Blaine, republican, Wisconsin, told F. Scott McBride, general superintendent of the Anti-Saloon League at the opening of today's senate lobby committee inquiry.

Blaine, the only wet member of the committee, challenged vigorously McBride's claim of divine origin for the league, but McBride declined to answer that line of questioning.

McBride became indignant when Blaine opened his third day of examining the dry leader with the question:

"After a week-end of reflection do you still believe in the divine right of kings?"

"I don't care to answer that?" "You refuse to answer?" "I don't care to."

"Don't you know every cruel and wicked tyrant of the past always claimed the support of God?"

"No. I don't know that and I don't think you do either."

"Don't you know burnings at the stake and the wicked inquisitions were justified on the ground the perpetrators were acting at the instance of God?"

McBride made no answer as Chairman Caraway of the committee interrupted and advised Blaine to take a new line of questioning.

"What has that got to do with lobbying?" he demanded McBride who last Friday testified the league was "born of God and will fight on while He leads."

The examination then turned to the efforts of the dries to prevent their supporters from voting in referenda.

In explaining, McBride said: "The wets put out these referenda as stuffed rabbits for us to run after when there is big game to be got. Why should we run to catch a train when we are already on it? Why play a tenth inning of the ball game when the ninth is finished and the game is already over?"

McBride insisted on talking and Blaine repeatedly appealed to the chairman to stop him. The dry leader, however, would not be downed and even against Caraway's advice insisted on talking about referenda.

McBride later passed out to newspaper men the following prepared statement of the attitude of the league as written by the executive board:

"Resolved: That it is the sense of this board that the temperance forces of the United States should not be diverted from the main issues in any election by so-called wet and dry referenda on the 18th amendment or the national prohibition law, which referenda are without authority under the constitution and which are legally futile and can have no binding effect. In any state referenda having to do

### CARLOAD OF LIQUOR BILLED AS LUMBER

Chicago, May 13.—(U.P.)—Billed as lumber, a carload of liquor worth about \$100,000 was in the possession today of federal agents who indicated the shipment had been made to the Capone liquor syndicate here by its organization in Florida, where "Scarface Al" Capone now is wintering.

The "lumber" shipment was seized by the government men after they had futilely lain in wait for several days in the Illinois Central railroad freight yards, hopping for the consignees to claim it.

The box car was loaded with 1,500 sacks, each containing 12 pint bottles of bourbon whiskey. Around the piled sacks were thin stacks of lumber serving as a "blind."

with laws or state constitutional provisions which will have a legal and binding effect, the temperance forces should take an active part."

When McBride declined to answer questions about the administration of the late Wayne E. Wheeler over the league, Blaine demanded that the committee call Justin Stuart, former secretary to Wheeler, who wrote the book, "Wheeler, The Dry Boss."

"We will take that up later," said Caraway.

McBride named the following churches as contributors to the league, Methodist Episcopal, North and South; Baptist, North and South; Presbyterian, United Presbyterian, Evangelical and Lutheran.

Washington, May 13.—The prohibition law may permit the manufacture of beer and wines in the home, F. Scott McBride, general superintendent of the Anti-Saloon League, guardedly told the senate lobby committee today.

McBride said Rep. Franklin Fort, republican, New Jersey, "may be right" in his contention that such manufacture of mild liquor is lawful. He qualified this statement, however, with the later assertion the league has taken no position on the matter and that he was not sure whether the home-brewing loophole was open.

McBride also admitted during his third day on the stand the league supported some dry congressmen who drink.

"Not very many of them," he said. "Most of them exist only in newspaper headlines."

"Does the Anti-Saloon League believe with Mr. Fort that you can make liquor in your home?" asked Chairman Caraway.

"It was a great surprise. We are divided on the question. He may be right. I think there are certain phases of the law—the law is not 100 per cent good yet and there may be loopholes to permit manufacture in the homes."

"What are the holes in it?" "I don't know."

The committee then adjourned until next Tuesday when McBride will be recalled.

Earlier in today's session, McBride became indignant when Blaine sought to question him further about his claim of "divine origin for the league."

When he refused to answer, Blaine said "every cruel and wicked tyrant of the past has always claimed the support of God."

### PRAY FOR BREAK, RAIN CONTINUOUS SINCE MAY 1

METEOROLOGISTS SAY FLOOD STAGE MAY BE REACHED BY END OF WEEK

THE BLUE RIVER OF NEBRASKA NEARS CREST, FIGHT ON TO SAVE PROPERTY

St. Paul, Minn., May 13.—(U.P.)—Creeping up at the rate of a foot a day, the waters of the Mississippi today were advancing toward the flood stage as rains in the river basin continued.

Unless there is a break in the precipitation which has been almost continuous since May 1, the river will be near the flood mark by the end of the week, meteorologists said.

The river has risen four feet in the last four and a half days. There has been more than 3.21 inches of rain since May 1 in St. Paul, bringing the total within .17 inches of a 10-year record. Similar marks have been reported throughout the upper river valley.

Only the fact that the river was at an extremely low stage on May 1 has prevented a more dangerous rise, the weather bureau reported.

Lincoln, Neb., May 13.—A fight to save property and lands from being inundated by flood waters was waged today along the Blue river as the crest of the waters moved further down stream.

While the menace of floods remained at Seward, the battle against the waters was being shifted further south to Crete and Beatrice.

### FLIER AFTER RECORD, IS ACCOMPANIED BY LION CUB

Los Angeles, May 13.—(U.P.)—Col. Roscoe Turner, accompanied by a lion cub, left here today at 1 a. m. P.S.T. for New York in an attempt to establish a new transcontinental speed record.

Col. Turner planned to follow a similar course as that flown by Col. and Mrs. Charles A. Lindbergh when they recently established a record of 14 hours 23 minutes and 25 seconds for the flight.

### COLLEEN MOORE WINS DIVORCE IN LOS ANGELES

TELLS STORY OF HUSBAND WHO ALWAYS WAS IN AN UGLY MOOD

SUPERIOR JUDGE GRANTS HER AN INTERLOCUTORY DECREE

Los Angeles, May 13.—(U.P.)—Her story of a husband who always was in an ugly mood and who never apologized won a divorce here today for Colleen Moore, one of the screen's best known players.

Superior Judge Thomas Gould granted her an interlocutory decree after the actress testified briefly of many humiliations she suffered from John E. McCormick, prominent motion picture producer.

The actress, bringing the suit under her real name, Kathleen Morrison McCormick, was on the verge of tears as she took the stand in the crowded courtroom and recited details of her married life.

McCormick, she said, frequently made disparaging remarks about her friends.

"He was always in an ugly mood when my friends called," the actress said. "He would say they bored him or that they did not have any taste. He never apologized."

The final separation from her husband came last March 7, just after she returned from the hospital accompanied by a nurse after a surgical operation.

"When the nurse and I arrived," Miss Moore declared, "Mr. McCormick ordered us from the house. I had no choice and simply left. He had become worse and worse and I couldn't stand it any more."

She related the humiliation she suffered when she was visited in her house last February by Julianne Johnson, another screen actress.

"I was most embarrassed," Miss Moore said, "when my husband came out and told her, 'Why in the hell don't you get out of here, I want to go to bed.'"

She said that a property settlement was agreed upon out of court.

McCormick did not contest the suit. The pair married Aug. 18, 1923.

### OVERCROWDING IN STILLWATER STATE PENITENTIARY

Stillwater, Minn., May 13.—(U.P.)—Overcrowding in the Stillwater state penitentiary has become a serious menace, the Washington county grand jury reported today.

Jurors who inspected the prison declared that they found the prison cells overflowing. Many prisoners are forced to sleep on cots in the halls, they said.

Immediate action on the part of the state to relieve conditions was demanded in the report of the jury. Jurors said that they felt continuance of the congestion might lead to serious trouble.

### LABOR GOVERNMENT DEFEATED IN THE HOUSE OF LORDS

London, May 13.—(U.P.)—The labor government was defeated in the house of lords today when an amendment to the coal mines bill was passed over the government's opposition, 134 to 28.

No governmental crisis was expected to result. The government has sustained minor defeats in both the house of lords and commons in recent months without resigning.

### SPREADING OF DISAFFECTION BEING CHECKED

GOVERNMENT ESTABLISHES ITS MILITARY OCCUPATION OF CITY OF SHOLAPUR

IS SCENE OF MOST SERIOUS FIGHTING OF NATIONALIST INDEPENDENCE MOVE

Peshawar, India, May 13.—(U.P.)—Mobile squadrons of British troops and bombing squadrons moved vigorously today against rebellious groups inspired by the tribal leader, Haji Turangzai, who has encamped his troops near Peshawar.

Spread of disaffection in nearby villages was being checked by the British raids, and authorities reported they were restoring full control. Turangzai has been ordered to withdraw his troops under threat of drastic armed action.

By FRANCIS LOW (United Press Correspondent)

Bombay, India, May 13.—The government established military occupation and martial law in the city of Sholapur, scene of his most serious fighting of the nationalist independence movement.

Determined to suppress all centers of disorder before violence could spread to other districts, the government also made wholesale arrests at Shirda and Belgium, where Mrs. Sarojini Haidu—woman leader who fell heir to the authority of Mahatma Gandhi—first indicated her determination to continue vigorously the passive resistance campaign.

The arrests were made when a group of national congressmen raided the Shirda salt works and removed a quantity of salt, it was announced officially here.

The Shirda works is a small depot in the Ratnagiri district, Bombay presidency.

Thirty-seven other volunteers were arrested at Belgium, capital of the district of Belgium when they ignored a magistrate's orders and erected a huge bonfire of foreign made cloth in the town's market place. The magistrate had forbidden the bonfire, fearing disturbances.

The government was warned by a committee of the India Merchants Chamber for the second time today that the "spirit of Gandhi has come to stay."

The warning was given in a statement from the committee protesting the arrest of Gandhi under a statute 100 years old.

"While Gandhi may be behind iron bars, the Gandhi spirit has come to stay," the statement said. "That spirit cannot be dealt with by depression, but only by conciliation, and that in good time."

Precautions were taken at Lahore where 18 Indian prisoners attempted to incite a fresh outbreak. The prisoners smashed the dock in the Lahore courtroom where they were on trial for conspiracy and police fought with them before the rioters would submit to being handcuffed. They sang revolutionary songs and shouted defiance to the government despite commands of the court and efforts of police.

Peshawar also remained tense in view of the danger of raids by tribesmen and of independence demonstrations, but troops were strongly entrenched in the city.

Otherwise the government appeared confident that the authorities were in control of the general situation.

Jalapore, India, May 13.—Abbas Tyabji, prominent Barona jurist who succeeded the imprisoned Mahatma Gandhi as leader of the independence movement, was sentenced to three months' simple imprisonment today after a trial before a magistrate's court.

Abbas Tyabji, who was arrested when he prepared to carry out Gandhi's plan for raids on government salt depots, was succeeded by Mrs. Sarojini Naidu as leader.

The native leader, Jagatram, who was tried with Abbas Tyabji, was sentenced to six months' rigorous imprisonment.

Others on trial were sentenced to three months in jail except four youths, who were warned and released.

Calcutta, India, May 13.—One hundred casualties have occurred in the province of Assam since May 9 in connection with the Moslem festival of Bakr-id, it was learned today.

Three deaths were reported as a result of communal clashes between Moslems and Hindus.

(Assam is a province of British India located between Burma and Bengal. The seat of the British administration is at Shillong, in the Khasi hills. It became a British province in 1826.)

## RIVETS MAKE STEEL FURNACE GAS-TIGHT

**Lennox Torrid Zone Has Revolutionized Warm Air Heating in Thousands of Homes**

The manufacturers of this unusual warm air furnace have taken a lesson from the builders of locomotive boilers, tank cars and submarines. The Lennox Torrid Zone is made of boiler-plate steel. It is hot-riveted and cold-calked for safety and permanence. No gas, dust or smoke can escape into the rooms of your home.

But safety and cleanliness are not the only improvements the Torrid Zone brings. It furnishes the vital humidity lacking in so many homes during the heating season. The Torrid Zone humidifier has twice the evaporating area of ordinary water pans right inside the casing and is over the firing doors for rapid evaporation. It can eliminate in your home that kind-dried atmosphere which causes sore throats and colds and makes furniture crack and loosen at the joints.

Burn your favorite fuel in the Lennox Torrid Zone—hard or soft coal, coke, lignite, wood, gas or oil—and save money. Plans and estimates quickly furnished for all types of buildings. Factory engineering service for special problems. Made by the Lennox Furnace Company, Syracuse, N. Y.—Marshalltown, Iowa—Toronto, Canada.

**Talks on Demonstration Work**  
The Dykeman 4-H club met at the home of Ernest Persson Thursday evening, May 8. Fred Johnson, county club agent, was present and gave a very interesting talk on demonstration work.

It was necessary to elect a new president at this meeting, and Clinton Forster was chosen to fill the vacancy. Miss Ardelle Persson was appointed reporter. The next meeting of the club will be held at the Clayton Dykeman home on Friday, May 23.

The Dykeman 4-H club has a very enthusiastic group of workers this year, and a most successful year is looked forward to.

**Dick Tangos!**  
Richard Barthelmess, First National star, will be seen for the first time on the screen doing the tango in "Son of the Gods," his newest starring feature showing at the Paramount tonight and Wednesday.

This fascinating rhythmic South American dance is performed by Barthelmess and his leading woman, Cora Bennett, in the Monte Carlo sequences of the screen version of Rex Beach's dramatic novel.

Frank Lloyd directed "Son of the Gods," which is being hailed as the greatest Barthelmess production since "The Patent Leather Kid."

## WOULD YOU TAKE THE ADVICE OF THESE MEN?

Dr. Chas. H. Mayo of Rochester says:

"Babies fed raw and pasteurized milk show a slight average difference in the net daily gain in weight during the feeding period when given orange or tomato juice. The slight difference might truthfully be said to be in favor of the milk that has undergone the pasteurization treatment."

Dr. Abraham Jacobi, Columbia University:

"The most important thing in the care of infants is just this: Use no raw milk."

Dr. Rosenan, Harvard University:

"Pasteurization is the simplest, cheapest and best way of rendering milk safe. It is the best insurance for the consumer."

Dr. Chas. J. Hastings, Dept. of Public Health, Toronto:

"I think it would be difficult to find any intelligent, up-to-date physician, particularly a pediatrician, who does not recommend clean, pasteurized milk in preference to raw milk, even though it be certified."

United States Public Health Service:

"High grade raw milk is not safe milk."

## Golf Club Chatter

WHEN the grounds committee of the Brainerd Country club took a survey of the field this year, they were surprised to find innumerable ribbon-decorated pegs on the fairways. It caused the committee to ponder and wonder whether they had been rained down. It is a fixed rule, like the laws of the Medes and Persians, that pegs shall only be used on the tees and their prolific appearance on fairways is a problem. The committee, revealing a Scotch trait in their makeup, have gathered up the pegs.

The grounds committee has been as busy as bees getting the fairways and greens in shape, building a new roadway into the club as the old road had been damaged by recent rains. Everything is beautiful now and ready for the official opening day, Saturday, May 17.

Determined efforts will be made this season to increase the membership. The Brainerd Country club links are an asset to the city of Brainerd. They attract tourists, make their stay in Brainerd more pleasant and offer diversion to the tourists who may be registered in Brainerd or at the many nearby lakes and resorts.

President George E. Trent, Sr., spent the winter in Florida and paid particular attention to golf. He found that the best Florida resorts are always near good golf courses. Many people find delight in the ocean and on the beach, but the golf courses run equal to the ocean as attractions.

For an ordinary visitor at the links in many Florida cities, the green fees reach an amazing figure, running \$2 to \$4 a day and higher. Here in Brainerd on the same class of greens, said Mr. Trent, the charge is only \$1 per day. Mr. Trent expects one of the best seasons for tourist visitors at the Brainerd links this year.

A new rule has been promulgated for guest cards, which members may purchase from the treasurer, F. A. Farrar.

## City Assessing

THE city assessor, M. E. Hitch, has distributed blanks for making out personal property returns. These should be completed and returned to him promptly. Many people, however, neglect to do so, causing more attention on the part of the assessor.

He has his grief, just the same as the census takers, who called several times hoping to find householders at home.

The law empowers the assessor to make a return when he cannot find a householder at home, which is made on the best information he can receive by examining past records or seeing the neighbors. If there has been any change or mistake, it behooves a property owner to see that returns are made personally and properly, as well as on time.

The assessor has the month of May to perform his duties in Brainerd. There are usually 1800 returns to be made. Houses and down town buildings number 3100. People who made no return in past years, may have bought a radio, piano or new furniture, electric washer, etc., this year, necessitating a personal property tax this year.

Nine out of ten taxpayers pay tax on items scheduled in Class No. 2. These include household furniture, household utensils, stoves and wearing apparel, rugs and carpets, books, pictures, sewing machines, washing machines, watches and clocks, jewelry, diamonds, pianos, phonographs, radios, etc. The householder is exempt \$100 of the assessed valuation. Items in Class No. 2 are assessed at 25 per cent of true and full value.

Real property, which means houses and lots, is being revalued this year. It is assessed at 40 per cent of its true and full value.

Moneys and credits are assessed at 30 cents a hundred dollars. You make a return on the amount of cash, book accounts, etc., in your possession on May 1. The assessment is a very moderate one.

## Truck Philosophy

OFTENTIMES people have wondered what a truck driver thinks about when he is driving in a maze of traffic. He handles a truck, wider, longer and heavier than any automobile and timid souls thought he was worried over the possibility of hitting nearby cars on his tours.

Talking with the average truck driver, we find him to be a calm, methodical personage absolutely free from worry and care. It seems that he tries to scrupulously observe the rules of traffic on highway or city street. He keeps his half of the road and pursues the even tenor of his ways and if there is any worrying to be done, it's left to the driver of the car who skips into the clear and checks his desire to weave in and out of traffic when the truck heaves into sight.

The truck driver is in his real glory when he makes a turn at an intersection. Getting there first, he makes the sweep like a ship in full sail. Cars approaching at a fast gait, anxious to be first at the intersection, snap on their brakes and give the truck the leeway. Secure in the fact that he is "in the right," that he is observing traffic rules, and knowing that if he is in a collision, the other fellow will suffer more while he may only be dented, the truck driver is a fellow without a thing to worry him. And he sits high and mighty, as it were.

However, should two trucks ever collide, things may be different.

## Just Like Ordinary Folks

HUBERT WORK, a distinguished Washingtonian, was out fishing with President Hoover for the week end, and he behaved just like ordinary folks or the usual run of fishermen.

Work stepped on a log. It was slippery and he fell into the creek and was thoroughly dampened.

CANDIDATES seem to favor the radio with keynote speeches and then expect the newspaper comment to follow later.

SPRING house cleaning and renovation ought to provide jobs for the painters and paper hangers.

BROADCASTING was done before the radio was invented. The backyard fence and the rural telephone were originators.

ILL advised publicity is frequently worse than none.

BRAINERD HIGH SCHOOL, TUESDAY, MAY 13, 1930

Number 34

MRS. W. C. COBB REVIEWS LIFE  
AND WORK OF MAHATMA GANDHIINTERESTING TALK GIVEN FOR  
COMBINED SOCIAL SCIENCE  
CLASSES

Mahatma Gandhi, the saint politician of India, his life and work, was the subject of a very enlightening and interesting speech given by Mrs. W. C. Cobb to the combined social science classes in the senior assembly at the high school Monday afternoon. The speaker briefly reviewed the early life and education of Gandhi and showed that he was educated in the Oxford University in England to be a lawyer, and that he speaks the finest English. Gandhi received his inspiration for his passive resistance policy from Christ's "Sermon on the Mount."

According to the speaker, Gandhi's methods were successful in South Africa but the effect of his ideas of civil disobedience on India remains to be seen. "The Mahatma," said Mrs. Cobb, "is a man weighing barely ninety pounds and would not take a prize for beauty but he has a remarkable personality that is able to hold at least a portion of India in check. Were it not for Gandhi's presence, it is more than likely that India would be the scene of much more bloodshed at the present time than it is." But the speaker made clear the fact that India is one of the most interesting countries in the world today and that Great Britain has a problem which will be extremely hard to solve.

Gandhi, concluded Mrs. Cobb, combines the best of Christian and Hindu philosophy in his religious tenets and feels that there is plenty of time for India to work out its own destiny.

## Representative Music Heard

Social science classes had the pleasure of listening to music which reflected the temperament and character of the people in various countries, last Thursday and Friday. The instructor attempted to show how climate and geography affect a nation and how music is the expression of that effect.

Norway, Finland, Russia, Hungary, Italy, France, Spain, Germany, England, Ireland and America all provided the musicians whose compositions were presented to the class.

The Folsom Music Company, which furnished the Victrola for the Senior Class Play, permitted the social science students to use an excellent Brunswick Panatope. That company provided many of the records, as did also Hall's music store.

BRAINERD NAMED IN  
HONOR OF MRS. SMITH

Where the Northern Pacific railroad was to cross the Mississippi river as decided by N. P. officials, a little town sprang up, known first as Ogemaqua, later as Brainerd.

Ogemaqua was named in honor of Miss Emma Beaulieu, a woman of rare beauty. This name means "Queen" or "Chief Woman."

Later the town was renamed Brainerd to honor the maiden name of the wife of J. Gregory Smith, first Northern Pacific president. A resident of St. Albans, Vermont. She took an active part in all the political affairs, was a strict abolitionist; was president of Board of Managers for Vermont woman's exhibit at the Centennial exposition of 1876 at Philadelphia; was a representative Vt. woman; and during the Civil war was made a Lt. Col. for an act of bravery. This great woman lived her exceptionally full and useful life in the years 1819-1905.

Brainerd also has a lasting memorial to her illustrious husband, J. Gregory Smith, Gregory Park, named for him. He too, was a very active citizen, having the distinction of being the first president of the N. P. railroad, and also was Governor of Vermont in 1863-85 and President of Central R. R. from then on.

Brainerd has to thank Mrs. Smith for its name and Mr. Smith for the name of the prettiest park in the city.

## IN THE SPRING

Barefoot Boy, I envy you,  
In the spring!  
Barefoot Boy with eyes of blue,  
In the spring!  
Blue like violets crushed beneath  
Grimy toes of small bare feet,  
In the spring.

You know where the brooklets run,  
In the spring.  
You can join their chuckling fun,  
In the spring.  
You can follow them afar  
With the sea your guiding star,  
In the spring.

You know where the blue bird nests,  
In the spring.  
Where the May flower grows the best,  
In the spring.  
You are like the April breeze,  
Wandering everywhere you please,  
In the spring.

Barefoot Boy, I hope you'll keep  
Always spring.  
In your heart when shadows creep,  
Always spring.  
And when manhood's duty calls  
You will have what'er befalls,  
Always spring.

CLUB PLANS PICNIC;  
ELECTS NEW PRESIDENT

Commercial club members were called to a meeting Thursday at 3:30 for the purpose of electing a president, but because of the small number of members present, the election was held over until Friday, during the 20 minute period. But the members decided to have a picnic on May 14. Jean Cass offered her cottage on Perch Lake which the club accepted most gratefully. The following committees were appointed for the picnic: Refreshment committee—Helen Untereker, Astrid Lindberg, Mildred E. Johnson. Entertainment committee—Arlene Hagberg, Vernice Kaatz, Amy Markham. Transportation—Marie Hoffbauer, Nellie Paine and Edman Jernberg. Fay Rosina is general chairman of the affair. At the continued meeting Friday, next year's president was elected. There were three candidates: Helen Untereker, Arlene Hagberg and Louise Clausen. The election was very close, Louise Clausen received the highest number of votes. The retiring president is Rose Gudmunson.

Upperclassmen to Hold  
Annual Picnic May 21

Juniors and Seniors will hold their annual picnic May 21, according to a decision reached last Tuesday in the auditorium, at a joint meeting, with Clarence Holden, the senior president in charge. It was also decided that the upperclassmen have a dance, the expenses of which are to be shared by both classes. May 24 was the date set for the prom, the great event of the school year, at which the juniors will be the hosts and the seniors the guests.

Preparations for the prom are well under way and the prospective graduates will be given further details later.

PEP BAND TO PLAY FOR  
2 IMPORTANT EVENTS

That the pep band, under the direction of Mr. La Meter is a popular organization is evidenced by the fact that it will play at the Commencement and Memorial Day exercises. Mr. La Meter has worked hard in order to make the band what it is now and the boys give him their wholehearted cooperation.

The pep band has played at many performances mainly at the Senior and Junior class plays, Musical club meetings and various P. T. A. meetings.

People who have heard the band have expressed their keen appreciation of the boys and their work as amateur musicians. Mr. La Meter, the leader, states that he intends to supervise the boys during the summer and will have them in good order for the next season and make that as successful as was the season of 1930.

Gull Lake is Scene of  
Tri-Hi Week-end Party

Although the ceaseless rain may have dampened the woods, the cottage and the atmosphere considerably, it had little effect on the spirits of the 14 Tri-Hi girls who spent the week-end at Jones' cottage on Gull Lake. They stayed indoors and made "whoopee" when it was raining too hard, played ball, and went walking when the weather permitted.

The few rays of sun that penetrated the clouds found a group of the girls in the water, but usually the sun and the bathers disappeared after the same short space of time.

The general arrangements committee, which had charge of the food, bedding, and getting a cottage, consisted of Helen Sheets, Janet Kampmann, and Amy Markham. One of the Tri-Hi advisers, Miss Farran, and Miss Filk, the home economist teacher, ably chaperoned the girls, who had a grand time in spite of all the gloomy weather.

## YE EDITOR

Just think, we are about to lose our superior Seniors. It will be strange not to see Dick Ebert walking around with his annual book, or Margaret Vadnais with her sweet smile! You know we really think Roger Kleven will be editor of the New York Times some day. We are not a good prophet but we believe that Roland Jenkins will be the leader in masculine styles in a few years from now. He is here all ready! And the way Gerry Falkenreck, keeps on with Solid Geometry we think he's decided that some day he'll be a mathematics professor at Carnegie Tech. The Holden twins—Now, we're not going to prognosticate, but we think they'll range from public speakers to college professors.

Oh, how we'll miss the Seniors wit-tit, Dave Weber! Although we don't believe he'll ever be a Mathematics professor, he'd make a good king's jester. Gerry Halvorson, we suppose will be Augsburg's outstanding football star. If he doesn't he'll be an undertaker. When speaking of Gerry, we think of Johnny or vice versa. Johnny will go to Notre Dame and take part in track, basketball and football—and art—He's a good journalist, so it isn't impossible that he may be art editor at McPhail school. Otto Dahl says he's going to be a civil engineer, but we suggest that he ought to be president to enforce prohibition.

But we could, like Tennyson's Brook write on forever. To spare you, we'll only sigh like furnaces when we think of our departing seniors.

MOTHER-DAUGHTER  
BANQUET GIVEN BY  
CAMP FIRE GIRLSDINNER AND PROGRAM STAGED  
IN MODEL APARTMENT  
TONIGHT

In many groups it is the custom of Camp Fire girls to give a banquet each year in honor of their mothers. The Netoppep Mother-Daughter banquet will take place tonight at 6:30 o'clock in the Model apartment of the home economics department in the high school.

The general arrangements are being made by Evangeline Twist and Margaret Casey, with the aid of the guardian, Miss Haug.

After a dinner of fruit cocktail, baked ham, buttered new potatoes, creamed peas, vegetable salad, strawberry shortcake and coffee is served. Bernice Steinfeldt, toast-mistress will take charge of the after dinner program. Evangeline Twist will give the welcome address to which Mrs. Steinfeldt will respond in behalf of the guests. Each girl will give her Indian name and its meaning and introduce her mother. The address of the evening will be given by Mrs. A. G. Patterson after which Miss Tormstrom will read several poems. Tans will be sung in closing by the Camp Fire group.

The decorations will be carried out in yellow, green and lavender, with corsages of sweet peas, yellow daisies and marsh marigolds.

## LOU'S LINE

Doctor: "Now remember, Joe, you can't dance for two weeks."

Joe: "I know it, doctor, the record is 250 hours."

Mr. Johnson: "You have a good head for geometry."

Otto: Why?

Mr. Johnson: Because it's both plane and solid.

Mr. LaMeter: "Gas is a sort of vapor we can neither see nor feel."

Milton Ginsberg: "But, Oh, boy, how you can step on it."

Miss Taylor: "Stuart, you may leave the room."

S. P.: "I hardly expected to take it with me."

Miss T.: What did you say?

Alice Nolan: Nothing.

Miss T.: I know that, but I wondered how you would have expressed it this time.

Freshman: "Say, when day breaks, where do the pieces go?"

David: "Where are you going with that shovel?"

Roland: "I'm going to bury my past."

David: "Say, you need a steam shovel."

SENIORS AND FROSH TO COMBAT  
FOR KITTENBALL CHAMPIONSHIPFRIDAY MARKS CLOSING  
OF B. H. S. CAFETERIA

Since the cafeteria closed last Friday, no noon lunches are being served for the remainder of this year. Miss Filk, who has been in charge, explained to a Brainonian reporter that the action was necessary in order to get the place in shape for next year and to clean all of the equipment. Now that the weather becomes more delightful, students and teachers alike would rather go home or down town for luncheon.

One regular person will be in charge of the kitchen next year and it is planned that a whole meal will be served. Otherwise the cafeteria will be run on the same basis as this season.

As many as a hundred people have been served at one noon though the average number has been sixty. Lois Girard, Gertrude Bane, and Bergit Persson have helped to prepare the food. Lone Cass has been in charge of the counter. A number of the 8th grade girls have washed the dishes, thereby earning their lunches.

The picture of the team is in the Annual.

COMING OR GOING  
WE CATCH 'EM

Miss Herwig, Miss Walkup and Miss Lord, all of the high school faculty, spent the week-end in Minneapolis and St. Paul.

Betty Robertson, Rose Gudmunson and Evelyn Fink spent Saturday and Sunday in Minneapolis where Evelyn participated in the State Shorthand Contest.

Jacob Perlman, formerly of B. H. S., was visiting the school Monday.

Evodia Carlson and Irma Haas, both of '29, spent Monday visiting school.

HI-Y TO HOLD JOINT  
PICNIC AND INITIATION

Elmer Foster and Theodore Marchel, sophomore and junior respectively, were voted into the Senior Hi-Y at the regular meeting held last Wednesday at 6:30 o'clock. Ray Paine, Gerald Cass, and Edman Jernberg served a delicious supper consisting of scalloped potatoes, meat loaf, buns and rhubarb pie.

The two members voted in at the previous meeting, Kenneth Stimson and Lylo Mayo, were present and gave their view of the Hi-Y, as a whole. It was decided that the picnic which had been planned previously, would be held at Elwood Anderson's cottage on Gull Lake, next Wednesday, May 14. The initiation will be given to the newly voted in members at that time also.

We see by the "Campus Breeze" that University High has practice teachers and that some of the things that the students demand as absolute necessities in these teachers are good looks, pep, smart clothes, a sense of humor, the ability to teach well, and above all she must be able to hold the attention of every member of the class.

"Stick-to-it-ive-ness" is certainly a wonderful quality to cultivate. We see that the Campus Breeze staff has it to a very great extent. We congratulate this staff for its "Stick-to-it-ive-ness" because we realize that sometimes it is a difficult task to "stick it out" especially when we are unjustly criticized after putting our best into our work.—Exchange.

Those who plan to attend the commencement exercises, May 31, will have a special treat in store for them. The Seniors are practicing their class song every Monday morning so that they will be able to sing it without embarrassment.

## Evolution of a Student

The way the freshman says it: "Please, sir, I didn't understand the question."

The way the sophomore says it: "I don't understand your question."

The way the junior says it: "What's the question?"

The way the senior says it: "Huh?"

WILL BE A PITCHERS' DUEL BETWEEN  
BERNARD FOSTER  
AND ARTHUR HOLMAN

Interclass kittenball will be a thing of the past after the Freshmen play the Seniors (probably this will be the championship game as neither have been beaten) and the Juniors play the Sophomores. Thus far in the interclass tournament the Seniors have been victorious over the Juniors and the Freshmen have won from the Sophomores. The date for these important games is dependent upon the weather.

The coming battle, Freshmen versus Seniors, promises to be a pitcher's duel between Bernard Foster and Arthur Holman. Of the two, Bernard is the more seasoned, but Art has excellent prospects. The little Freshmen have a hard-hitting, hard-fighting crew and will give the high and mighty Seniors a battle royal for the pennant.

The guessing (sometimes called umpiring) is taken care of by Mr. Roy LaMeter and Mr. Richard Penrose.

Track Meet Today  
Coach Kaseh's Warriors were forced to remain idle last week since old Jupiter Pluvius opened the heavens and attempted to drown mortals here below. Incidentally he caused the track field at Little Falls to be turned into muddy grounds.

Track events are scheduled for today at the lower river town. Those representing Brainerd high school are: Schuety, Schobe, J. Garvey, Lammon, Halvorson, Haultala, Hoffbauer, Guin, Christopherson, Clawson, Abrahamson, Vierba, White, Art Holman, E. Foster, E. Foster, H. Hohman, Hermann, E. Swanson, Malmstrom and Marshall.

IMPORTANCE OF MATH.  
SHOWN IN PLAY FRIDAY

The mathematical department of B. H. S. presented a two-act play before the student body last Friday morning. The play, under the capable direction of Mr. Johnson, Misses Spencer and Schow, was appropriate since it showed how the lack of mathematics would cripple the world.

The cast was as follows:  
First Act  
Father Mathematics—Zane Smith.  
Page—Alfred Menz.  
Demonstrative Geometry—Irja Haultala.

Intuitive Geometry—Virginia Riecke.  
Arithmetic—Virginia Lindberg.

## Golf Club Chatter

WHEN the grounds committee of the Brainerd Country club took a survey of the field this year, they were surprised to find innumerable ribbon-decorated pegs on the fairways. It caused the committee to ponder and wonder whether they had been rained down. It is a fixed rule, like the laws of the Medes and Persians, that pegs shall only be used on the tees and their prolific appearance on fairways is a problem. The committee, revealing a Scotch trait in their makeup, have gathered up the pegs.

Gandhi received his inspiration for his passive resistance policy from Christ's "Sermon on the Mount."

According to the speaker, Gandhi's methods were successful in South Africa but the effect of his ideas of civil disobedience on India remains to be seen.

"The Mahatma," said Mrs. Cobb, "is a man weighing barely ninety pounds and would not take a prize for beauty but he has a remarkable personality that is able to hold at least a portion of India in check. Were it not for Gandhi's presence, it is more than likely that India would be the scene of much more bloodshed at the present time than it is." But the speaker made clear the fact that India is one of the most interesting countries in the world today and that Great Britain has a problem which will be extremely hard to solve.

Gandhi, concluded Mrs. Cobb, combines the best of Christian and Hindu philosophy in his religious tenets and feels that there is plenty of time for India to work out its own destiny.

Representative Music Heard  
Social science classes had the pleasure of listening to music which reflected the temperament and character of the people in various countries, last Thursday and Friday. The instructor attempted to show how climate and geography affect a nation and how music is the expression of that effect.

Norway, Finland, Russia, Hungary, Italy, France, Spain, Germany, England, Ireland and America all provided the musicians whose compositions were presented to the class.

The Folsom Music Company, which furnished the Victrola for the Senior Class Play, permitted the social science students to use an excellent Brunswick Panatone. That company provided many of the records, as did also Hall's music store.

## BRAINERD NAMED IN HONOR OF MRS. SMITH

Where the Northern Pacific railroad was to cross the Mississippi river as decided by N. P. officials, a little town sprang up, known first as Ogemaqua, later as Brainerd.

Ogemaqua was named in honor of Miss Emma Beaulieu, a woman of rare beauty. This name means "Queen" or "Chief Woman."

Later the town was renamed Brainerd to honor the maiden name of the wife of J. Gregory Smith, first Northern Pacific president. A resident of St. Albans, Vermont. She took an active part in all the political affairs, was a strict abolitionist; was president of Board of Managers for Vermont woman's exhibit at the Centennial exposition of 1876 at Philadelphia; was a representative Vt. woman; and during the Civil war was made a Lt. Col. for an act of bravery. This great woman lived her exceptionally full and useful life in the years 1819-1905.

Brainerd also has a lasting memorial to her illustrious husband, J. Gregory Smith, Gregory Park, named for him. He too, was a very active citizen, having the distinction of being the first president of the N. P. railroad, and also was Governor of Vermont in 1863-85 and President of Central R. R. from then on.

Brainerd has to thank Mrs. Smith for its name and Mr. Smith for the name of the prettiest park in the city.

## IN THE SPRING

Barefoot Boy, I envy you,  
In the spring!  
Barefoot Boy with eyes of blue,  
In the spring.  
Blue like violets crushed beneath  
Grimy toes of small bare feet,  
In the spring.

You know where the brooklets run,  
In the spring.  
You can join their chuckling fun,  
In the spring.  
You can follow them afar  
With the sea your guiding star,  
In the spring.

You know where the blue bird nests,  
In the spring.  
Where the May flower grows the best,  
In the spring.  
You are like the April breeze,  
Wandering everywhere you please,  
In the spring.

Barefoot Boy, I hope you'll keep  
Always spring.  
In your heart when shadows creep,  
Always spring.  
And when manhood's duty calls  
You will have whatever befalls,  
Always spring.

## CLUB PLANS PICNIC; ELECTS NEW PRESIDENT

Commercial club members were called to a meeting Thursday at 3:30 for the purpose of electing a president, but because of the small number of members present, the election was held over until Friday, during the 20 minute period. But the members decided to have a picnic on May 14. Jean Cass offered her cottage on Perch Lake which the club accepted most gratefully. The following committees were appointed for the picnic: Refreshment committee: Helen Untereker, Astrid Lindberg, Mildred E. Johnson. Entertainment committee: Arlene Hagberg, Vernice Kaatz, Amy Markham. Transportation: Marie Hoffbauer, Nellie Paine and Edman Jernberg. Fay Rosina is general chairman of the affair. At the continued meeting Friday, next year's president was elected. There were three candidates: Helen Untereker, Arlene Hagberg and Louise Clausen. The election was very close, Louise Clausen received the highest number of votes. The retiring president is Rose Gudmunson.

## Upperclassmen to Hold Annual Picnic May 21

Juniors and Seniors will hold their annual picnic May 21, according to a decision reached last Tuesday in the auditorium, at a joint meeting, with Clarence Holden, the senior president, in charge. It was also decided that the upperclassmen have a dance, the expenses of which are to be shared by both classes. May 24 was the date set for the prom, the great event of the school year, at which the juniors will be the hosts and the seniors the guests.

Preparations for the prom are well under way and the prospective graduates will be given further details later.

## PEP BAND TO PLAY FOR 2 IMPORTANT EVENTS

That the pep band, under the direction of Mr. La Meter is a popular organization is evidenced by the fact that it will play at the Commencement and Memorial Day exercises. Mr. La Meter has worked hard in order to make the band what it is now and the boys give him their wholehearted cooperation.

The pep band has played at many performances mainly at the Senior and Junior class plays. Musical club meetings and various P. T. A. meetings.

People who have heard the band have expressed their keen appreciation of the boys and their work as amateur musicians. Mr. La Meter, the leader, states that he intends to supervise the boys during the summer and will have them in good order for the next season and make that as successful as was the season of 1930.

## Gull Lake is Scene of Tri-Hi Week-end Party

Although the ceaseless rain may have dampened the woods, the cottage and the atmosphere considerably, it had little effect on the spirits of the 14 Tri-Hi girls who spent the week end at Jones' cottage on Gull Lake. They stayed indoors and made "whoopie" when it was raining too hard, played ball, and went walking when the weather permitted.

The few rays of sun that penetrated the clouds found a group of the girls in the water, but usually the sun and the bathers disappeared after the same short space of time.

The general arrangements committee, which had charge of the food, bedding, and getting a cottage, consisted of Helen Sheets, Janet Kampmann, and Amy Markham. One of the Tri-Hi advisers, Miss Farrankop, and Miss Filk, the home economist, teacher, ably chaperoned the girls, who had a grand time in spite of all the gloomy weather.

## YE EDITOR

Just think, we are about to lose our superior Seniors. It will be strange not to see Dick Ebert walking around with his annual book, or Margaret Vadnais with her sweet smile! You know we really think Roger Kleven will be editor of the New York Times some day. We are not a good prophet but we believe that Rolland Jenkins will be the leader in masculine styles in a few years from now. He is here all ready! And the way Gerry Falkenreck, keeps on with Solid Geometry we decided that some day he'll be a mathematics professor at Carnegie Tech. The Holden twins—Now, we're not going to prognosticate, but we think they'll range from public speakers to college professors.

Oh, how we'll miss the Seniors wit-tiest, Dave Weber! Although we don't believe he'll ever be a Mathematics professor, he'd make a good king's jester. Gerry Halvorson, we suppose will be Augsburg's outstanding football star. If he doesn't he'll be an undertaker. When speaking of Gerry, I think of Johnny or vice versa. Johnny will go to Notre Dame and take part in track, basketball and football—and art—He's a good journalist, so it isn't impossible that he may be art editor at McPhail school. Otto Dahl says he's going to be a civil engineer, but we suggest that he ought to be president to enforce prohibition.

But we could, like Tennyson's Brook write on forever. To spare you, we'll only sigh like furnaces when we think of our departing seniors.

## MOTHER-DAUGHTER BANQUET GIVEN BY CAMP FIRE GIRLS

## DINNER AND PROGRAM STAGED IN MODEL APARTMENT TONIGHT

In many groups it is the custom of Camp Fire girls to give a banquet each year in honor of their mothers. The Netoppep Mother-Daughter banquet will take place tonight at 6:30 o'clock in the Model apartment of the home economics department in the high school.

The general arrangements are being made by Evangeline Twist and Margaret Casey, with the aid of the guardian, Miss Haug.

After a dinner of fruit cocktail, baked ham, buttered new potatoes, creamed peas, vegetable salad, strawberry shortcake and coffee is served. Bernice Steinfeldt, toast-mistress will take charge of the after dinner program. Evangeline Twist will give the welcome address to which Mrs. Steinfeldt will respond in behalf of the guests. Each girl will give her Indian name and its meaning and introduce her mother. The address of the evening will be given by Mrs. A. G. Patterson after which Miss Tornstrom will read several poems. Taps will be sung in closing by the Camp Fire group.

The decorations will be carried out in yellow, green and lavender, with corsages of sweet peas, yellow daisies and marsh marigolds.

## LOUY'S LINE

Doctor: "Now remember, Joe, you can't dance for two weeks."

Joe: "I know it, doctor, the record is 250 hours."

Mr. Johnson: "You have a good head for geometry."

Otto: Why?

Mr. Johnson: Because it's both plane and solid.

Mr. LaMeter: "Gas is a sort of vapor we can neither see nor feel."

Milton Ginsberg: "Eh, Oh, boy, how you can step on it."

Miss Taylor: "Stuart, you may leave the room."

S. P.: "I hardly expected to take it with me."

Miss T.: What did you say?

Alice Nolan: Nothing.

Miss T.: I know that, but I wondered how you would have expressed it this time.

Freshman: "Say, when day breaks, where do the pieces go?"

David: "Where are you going with that shovel?"

Rolland: "I'm going to bury my past."

David: "Say, you need a steam shovel."

## SENIORS AND FROSH TO COMBAT FOR KITTENBALL CHAMPIONSHIP

## FRIDAY MARKS CLOSING OF B. H. S. CAFETERIA

Since the cafeteria closed last Friday, no noon lunches are being served for the remainder of this year. Miss Filk, who has been in charge, explained to a Brainerdian reporter that the action was necessary in order to get the place in shape for next year and to clean all of the equipment. Now that the weather becomes more delightful, students and teachers alike would rather go home or down town for luncheon.

One regular person will be in charge of the kitchen next year and it is planned that a whole meal will be served. Otherwise the cafeteria will be run on the same basis as this season.

As many as a hundred people have been served at one noon though the average number has been sixty. Lois Girard, Gertrude Bano, and Bergrt Persson have helped to prepare the food. Ione Cass has been in charge of the counter. A number of the 8th grade girls have washed the dishes, thereby earning their lunches.

The picture of the team is in the Annual.

## COMING OR GOING WE CATCH 'EM

Miss Herwig, Miss Walkup and Miss Lord, all of the high school faculty, spent the week-end in Minneapolis and St. Paul.

Betty Robertson, Rose Gudmunson and Evelyn Fink spent Saturday and Sunday in Minneapolis where Evelyn participated in the State Shorthand Contest.

Jacob Perlman, formerly of B. H. S., was visiting the school Monday.

Evelyn Carlson and Irma Haas, both of '29, spent Monday visiting school.

## HI-Y TO HOLD JOINT PICNIC AND INITIATION

Elmer Foster and Theodore Marchel, sophomore and junior respectively, were voted into the Senior Hi-Y at the regular meeting held last Wednesday at 6:30 o'clock. Ray Paine, Gerald Cass, and Edman Jernberg served a delicious supper consisting of escalloped potatoes, meat loaf, buns and rhubarb pie.

The two members voted in at the previous meeting, Kenneth Stimson and Lyle Mayo, were present and gave their view of the Hi-Y, as a whole.

It was decided that the picnic, which had been planned previously, would be held at Elwood Anderson's cottage on Gull Lake, next Wednesday, May 14. The initiation will be given to the newly voted in members at that time also.

We see by the "Campus Breeze" that University High has practised teachers and that some of the things that the students demand as absolute necessities in these teachers are good looks, pep, smart clothes, a sense of humor, the ability to teach well, and above all she must be able to hold the attention of every member of the class.

"Stick-to-it-tive-ness" is certainly a wonderful quality to cultivate. We see that the Campus Breeze staff has it to a very great extent. We congratulate this staff for its "Stick-to-it-tive-ness" because we realize that sometimes it is a difficult task to "stick it out" especially when we are unjustly criticized after putting our best into our work.—Exchange.

Those who plan to attend the commencement exercises, May 31, will have a special treat in store for them. The Seniors are practicing their class song every Monday morning so that they will be able to sing it without embarrassment.

## WILL BE A PITCHERS' DUEL BETWEEN BERNARD FOSTER AND ARTHUR HOLMAN

Interclass kittenball will be a thing of the past after the Freshmen play the Seniors (probably this will be the championship game as neither have been beaten) and the Juniors play the Sophomores. Thus far in the interclass tournament the Seniors have been victorious over the Juniors and the Freshmen have won from the Sophomores. The date for these important games is dependent upon the weather.

The coming battle, Freshmen versus Seniors, promises to be a pitcher's duel between Bernard Foster and Arthur Holman. Of the two, Bernard is the more seasoned, but Art has excellent prospects. The little Freshmen have a hard-hitting, hard-fighting crew and will give the high and mighty Seniors a battle royal for the pennant.

The guessing (sometimes called umpiring) is taken care of by Mr. Roy LaMeter and Mr. Richard Penrose.

Track Meet Today  
Coach Kaestli's Warriors were forced to remain idle last week since old Jupiter Fluvius opened the heavens and attempted to drown mortals here below. Incidentally he caused the track field at Little Falls to be turned into muddy grounds.

Track events are scheduled for today at the lower river town. Those representing Brainerd high school are: Schuety, Schobe, J. Garvey, Lammon, Halvorson, Hautala, Hoffbauer, Guin, Christopherson, Clawson, Abrahamson, Vierzba, White, Art Holman, E. Foster, B. Foster, H. Hohman, Hermann, E. Swanson, Malmstrom and Marshall.

## IMPORTANCE OF MATH. SHOWN IN PLAY FRIDAY

The mathematical department of B. H. S. presented a two-act play before the student body last Friday morning. The play, under the capable direction of Mr. Johnson, Misses Spencer and Schow, was appropriate since it showed how the lack of mathematics would cripple the world.

The cast was as follows:  
First Act  
Father Mathematics—Zane Smith.  
Page—Alfred Menz.  
Demonstrative Geometry—Irja Hautala.

Intuitive Geometry—Virginia Riecke.  
Arithmetic—Virginia Lindberg.  
Algebra—Roger Nelson.

## BRAINERD REPRESENTED IN SHORTHAND CONTEST

Evelyn Fink, winner of third place in the district shorthand contest, attended the State Contest held at the Agricultural School at the University of Minnesota last Saturday. The contestants took dictation at the rate of one hundred words a minute for five minutes. They were given an hour to transcribe the material. Brainerd is proud to have been represented at this meet. Results are not yet available but will be published in next week's Brainerdian.

## NAUTICAL KNOT TO BE GIVEN FRIDAY, MAY 16

Friday, the sixteenth, is approaching, and "The Nautical Knot" is the feature of the evening. Virginia Rowland and Virginia Riecke are the promising leads. The art class is industriously completing a set of scenes to harmonize with the settings of the plot.

The story, "The Nautical Knot" is one of the sea—with the crisp air and the salty breezes. All in the production are working overtime this week to insure the success of all parts.

Pay for your Annual at the office. Fifty or seventy-five cents will make a down payment. The remaining part of the \$1.25 can be paid when you get your book.

Home training student: Miss Filk, how shall I fix the neck of my dress?  
Miss Filk: "Lay your neck down on a piece of paper, mark it off and cut it out."

Miss Walkup: "Have you finished your outside reading yet?"  
Joe Armstrong: "No, it's too cold outside."

# AMERICA'S WOMEN GOLF ACES DEFEATING THE BRITONS

## SCHMELING TO BE REINSTATED BY FIGHT POWERS

### VICTORIOUS DRIVE FOR THE BRITISH CHAMPIONSHIP

MISS HELEN HICKS DEFEATS MISS BORIS CHAMBERS, A FORMER CHAMPION

MISS GLENNA COLLETT DEFEATS MISS MARY BEARD, A BRITISH STAR

By ARCH RODGERS (United Press Staff Correspondent)

Formby, Eng., May 13.—America's women golf aces continued their victorious assault on the British championship today.

Helen Hicks of Hewlett, L. I., who yesterday defeated a former champion, Miss Boris Chambers, today won from Miss Barbara Law, 7 and 5.

Miss Glenna Collett of New York, No. 1 woman golfer of the United States, drew a 4 and 2 victory over Miss Mary Beard, one of the British stars.

Miss Maureen Orcutt of Englewood, N. J., scored a 3 and 2 victory over Mrs. A. M. Holm.

Mrs. O. S. Hill, Kansas City star, defeated Mrs. A. C. Johnson, 4 and 2.

Miss Edith Quier of Reading, Pa., survived the second round by defeating Mrs. H. C. Sturgess-Wells, 2 and 1.

Miss Virginia Van Wie of Chicago defeated Miss Marjorie Jura by 5 and 4.

Miss Van Wie's victory gave a clean sweep to America's "Big Four."

While the leading players were enjoying success, the "second line" was finding its numbers depleted.

Miss Louise Fordyce of Youngstown, O., was defeated by Miss Marjorie Howe, one down.

Miss Diana Flewck, one of the British stars, scored a 7 to 5 victory over Miss Peggy Wattles of Buffalo.

Mrs. Walter Payne won over Miss Fritz Stifel of Wheeling, W. Va., 4 and 2.

Miss Molly Gourlay, British star, won over Mrs. R. H. Wallace-Williamson, 4 and 3.

This victory assured the gallery of one great match tomorrow, for Miss Gourlay will meet Miss Collett in the fourth round.

Miss Gourlay defeated Miss Collett in the international team matches last week, but the British star's victory was only by the narrow margin of one up, and Miss Collett has been established as a favorite.

Miss Hicks scored her second victory of the day when she won a third round match with Mrs. J. A. Hardicker, by the decisive score of 6 and 5.

Miss K. Garnshaw of Great Britain defeated Mrs. E. F. Lenihan of Pasadena, Calif., 2 and 1, in a second round match.

Mrs. Leo Federman of New York defeated Mrs. J. B. Walker, 2 and 1.

Miss E. Corlett won over her fellow countryman, Miss Purvis-Russell-Montgomery, one up.

Mrs. J. E. Watson defeated Miss M. Barron, 2 and 1.

Miss Enid Wilson won over Mrs. O. Jones, 6 and 5.

Mrs. Stewart Hanley of Detroit defeated Miss Doris Oark, one up.

### VOTE ON LIMITING TENURE OF BISHOPS

Dallas, Tex., May 13.—(U.P.)—The Methodist Episcopal conference today voted 205 to 188 against adoption of the proposed constitution which embodies a clause limiting the tenure of bishops.

The vote was taken after three hours of debate. The proposition was whether the general conference would recommend to annual conferences the adoption of the constitution.

### GERMAN HAD BEEN SUSPENDED "FOR LIFE" TERM

HAD DODGED A MATCH WITH "FALLING PHIL" SCOTT LAST SUMMER

REINSTATEMENT WILL RELEASE MORE THAN \$300,000 WORTH OF TICKETS

New York, May 13.—(U.P.)—Max Schmeling, German heavyweight, who is to meet Jack Sharkey for the world heavyweight championship at Yankee Stadium, June 12, is expected to be reinstated at today's meeting of the New York state athletic commission.

Schmeling was suspended "for life" when he dodged a match with "Falling Phil" Scott last summer.

Reinstatement of Schmeling will release more than \$300,000 worth of tickets, representing orders received to date. If Schmeling is granted a license today contracts for the bout will be signed and the public sale of tickets will start Thursday.

Endicott, N. Y., May 13.—Max Schmeling deserted the ring for golf today while his manager, Joe Jacobs, went hunting for more capable sparring partners.

Although he appeared a little slow and stiff, Schmeling had little trouble with the third raters provided for him yesterday. He was forced to hold Sylvan Anderlite in a two-round exhibition bout and twice dropped Vincent Babin on the ropes.

Orangeburgh, N. Y., May 13.—Jack

Sharkey began active training here today with road work and a gymnasium workout for the afternoon. He does not plan to start active boxing workouts until next week.

### MAJOR LEAGUE BASEBALL TEAMS

CHANGE OPPONENTS FOR FINAL SERIES OF FIRST INTERSECTIONAL COMPETITION

By United Press  
Major league baseball teams changed opponents for the final series of the first intersectional competition of the year.

Following the current series clubs will return to their home districts for sectional competition which will last until June 3.

Eastern clubs will hold a slight advantage in the intersectional games played to date, with 27 victories in the American League and 17 in the National. The west has scored 24 wins in the National League and 17 in the American.

Heavy batting continued on all fronts yesterday with a total of 94 runs and 142 hits—including 15 home runs—in 7 games.

The Chicago Cubs and New York Giants led the slugging with 30 hits, evenly divided. The Cubs tied a major league record that has stood since 1894 when they pounded out four home runs in one inning and they and the Giants came within one of tying another record when they made a total of nine home runs.

The Giants nosed out the Cubs, 14 to 12, for their third win in the four-game series and strengthened their hold on first place in the National League race.

Philadelphia's Athletics held first place in the American League with a 13 to 7 win over the Cleveland Indians. The Indians found Earnshaw and Quinn for 13 hits but the Macks used their 14 safeties off Shaute, Brown, Shoffner and Jablonowski to better advantage.

Bob Burke let the Chicago White Sox down with five hits and Washington won 13 to 2 to keep pace with the Athletics. Sam Rice, Senator outfielder, ran his hitting streak to 23 consecutive games.

Ervin Brame turned in a six-hit pitching performance as the Pittsburgh Pirates beat Brooklyn, 6 to 2. The victory enabled the Pirates to regain a tie for third place.

Cincinnati beat Philadelphia, 7 to 6, in a free hitting contest and tied Brooklyn and Pittsburgh for third place in the National League.

George Pipgras pitched a three-hit

7 to 0 shutout against Detroit and the New York Yankees moved into the American League's first division for the first time this year.

The St. Louis Browns won a tenning contest from Boston, 3 to 2, dropping the Red Sox to the second division. Collins allowed Boston ten hits but kept them well scattered.

American Association Tabs

Kansas City, Mo., May 13.—Joe Malley who came to the Kansas City Blues this season almost unannounced, made himself prominent on the mound yesterday by the ease with which he turned back the Indianapolis Indians, allowing his team to win 4 to 2. Four scattered singles were all the Indians could collect for seven innings and their belated spree in the ninth got them two runs but Malley, improving in the pinches, turned them away at a time when he appeared in trouble.

Milwaukee, May 13.—Louisville started strong against Milwaukee yesterday, gathering seven runs in the first. The Brewers managed to work eight men across the platter through the remainder of the game, but meanwhile Louisville stretched its final count to 11.

Columbus at Minneapolis, rain.

Toledo at St. Paul, rain.

### JOSEPH HALL LOSES TO MAX SHIMON IN 3-CUSHION BILLIARDS

Milwaukee, May 13.—(U.P.)—Joseph Hall, San Francisco, national three-cushion billiard champion, lost to Max Shimon, former champion, 43 to 50, in the first block of a special match which opened here Monday night and which will be continued tonight and Wednesday night. Hall held the lead until the fifty-fifth inning and Shimon won in the eighty-sixth. Total points for the three nights' play will determine the winner.

THE KENTUCKY DERBY IS THE HIGH SPOT OF THE WEEK FOR TURF FANS!

WHEN Gallant Fox, with "baby" Fox in at Churchill Downs, game his earnest, intelligent and always sober attention. And at this writing Gallant Fox does seem to have a fair chance in the Derby field, though High Foot, Desert Light, Ned O., Spinach and one or two others may equal or shade that Wood Stakes winner on form. However, because of that Jamaica victory, Gallant Fox will receive a heavy play from the public in their Derby speculations.

Certainly, from sentimental angles, the return of Sande was the Spring's most interesting turf incident. Ever since his retirement, about a year and a half ago, hard luck has dogged the king of modern winner-booters. Like many another, his own modest stable proved a loss from the start. As brash and popular a jockey as ever lived, Sande had all the necessary connections and "inside info," but, oddly enough, he did not prosper, though he gave the racing "bootin' them babies in!"

# AMERICA'S WOMEN GOLF ACES DEFEATING THE BRITONS

## VICTORIOUS DRIVE FOR THE BRITISH CHAMPIONSHIP

MISS HELEN HICKS DEFEATS MISS BORIS CHAMBERS, A FORMER CHAMPION

MISS GLENNA COLLETT DEFEATS MISS MARY BEARD, A BRITISH STAR

By ARCH RODGERS  
(United Press Staff Correspondent)

Formby, Eng., May 13.—America's women golf aces continued their victorious assault on the British championship today.

Helen Hicks of Hewlett, L. I., who yesterday defeated a former champion, Miss Boris Chambers, today won from Miss Barbara Law, 7 and 5.

Miss Glenna Collett of New York, No. 1 woman golfer of the United States drew a 4 and 2 victory over Miss Mary Beard, one of the British stars.

Miss Maureen Orcutt of Englewood, N. J., scored a 3 and 2 victory over Mrs. A. M. Holm.

Mrs. O. S. Hill, Kansas City star, defeated Mrs. A. C. Johnston, 4 and 2.

Miss Edith Quier of Reading, Pa., survived the second round by defeating Mrs. H. C. Sturgess-Wells, 2 and 1.

Miss Virginia Van Wie of Chicago defeated Miss Marjorie Jura by 5 and 4.

Miss Van Wie's victory gave a clean sweep to America's "Big Four."

While the leading players were enjoying success, the "second line" was finding its numbers depleted.

Miss Louise Fordyce of Youngstown, O., was defeated by Miss Marjorie Howe, one down.

Miss Diana Flawick, one of the British stars, scored a 7 to 5 victory over Miss Peggy Wattles of Buffalo.

## SCHMELING TO BE REINSTATED BY FIGHT POWERS

### GERMAN HAD BEEN SUSPENDED "FOR LIFE" TERM

HAD DODGED A MATCH WITH "FALLING PHIL" SCOTT LAST SUMMER

REINSTATEMENT WILL RELEASE MORE THAN \$300,000 WORTH OF TICKETS

New York, May 13.—(U.P.)—Max Schmeling, German heavyweight, who is to meet Jack Sharkey for the world heavyweight championship at Yankee Stadium, June 12, is expected to be reinstated at today's meeting of the New York state athletic commission. Schmeling was suspended "for life" when he dodged a match with "Falling Phil" Scott last summer.

Reinstatement of Schmeling will release more than \$300,000 worth of tickets, representing orders received to date. If Schmeling is granted a license today contracts for the bout will be signed and the public sale of tickets will start Thursday.

Endicott, N. Y., May 13.—Max Schmeling deserted the ring for golf today while his manager, Joe Jacobs, went hunting for more capable sparring partners.

Although he appeared a little slow and stiff, Schmeling had little trouble with the third raters provided for him yesterday. He was forced to hold Sylvan Anderlite in a two-round exhibition bout and twice dropped Vincent Babin on the ropes.

Orangeburgh, N. Y., May 18.—Jack

Sharkey began active training here today with road work and a gymnasium workout for the afternoon. He does not plan to start active boxing workouts until next week.

## MAJOR LEAGUE BASEBALL TEAMS

CHANGE OPPONENTS FOR FINAL SERIES OF FIRST INTERSECTIONAL COMPETITION

By United Press  
Major league baseball teams changed opponents for the final series of the first intersectional competition of the year.

Following the current series clubs will return to their home districts for sectional competition which will last until June 3.

Eastern clubs will hold a slight advantage in the intersectional games played to date, with 27 victories in the American League and 17 in the National. The west has scored 24 wins in the National League and 17 in the American.

Heavy batting continued on all fronts yesterday with a total of 94 runs and 142 hits—including 15 home runs—in 7 games.

The Chicago Cubs and New York Giants led the slugging with 30 hits, evenly divided. The Cubs tied a major league record that has stood since 1894 when they pounded out four home runs in one inning and they and the Giants came within one of tying another record when they made a total of nine home runs.

The Giants nosed out the Cubs, 14 to 12, for their third win in the four-game series and strengthened their hold on first place in the National League race.

Philadelphia's Athletics held first place in the American League with a 13 to 7 win over the Cleveland Indians. The Indians found Earnshaw and Quinn for 13 hits but the Macks used their 14 safeties off Shaute, Brown, Shoffner and Jablonowski to better advantage.

Bob Burke let the Chicago White Sox down with five hits and Washington won 13 to 2 to keep pace with the Athletics. Sam Rice, Senator outfielder, ran his hitting streak to 23 consecutive games.

Ervin Brame turned in a six-hit pitching performance as the Pittsburgh Pirates beat Brooklyn, 6 to 2. The victory enabled the Pirates to regain a tie for third place.

Cincinnati beat Philadelphia, 7 to 6, in a free hitting contest and tied Brooklyn and Pittsburgh for third place in the National League.

George Pipgras pitched a three-hit

7 to 0 shutout against Detroit and the New York Yankees moved into the American League's first division for the first time this year.

The St. Louis Browns won a ten-inning contest from Boston, 3 to 2, dropping the Red Sox to the second division. Collins allowed Boston ten hits but kept them well scattered.

American Association Tabs  
Kansas City, Mo., May 13.—Joe Malley who came to the Kansas City Blues this season almost unannounced, made himself prominent on the mound yesterday by the ease with which he turned back the Indianapolis Indians, allowing his team to win 4 to 2. Four scattered singles were all the Indians could collect for seven innings and their belated spree in the ninth got them two runs but Malley, improving in the pinches, turned them away at a time when he appeared in trouble.

Milwaukee, May 13.—Louisville started strong against Milwaukee yesterday, gathering seven runs in the first. The Brewers managed to work eight men across the platter through the remainder of the game, but meanwhile Louisville stretched its final count to 11.

Toledo at St. Paul, rain.

### 4 PERSONS BURNED TO DEATH ON FARM NEAR LA FLECHE, SASKATCHEWAN

### DIDACE MORRISSETTE VAINLY TRIES TO SAVE HIS WIFE FROM DEATH

LaFleche, Sask., May 13. — (U.P.) — Trapped in the smoke-filled rooms of a burning house, four persons burned to death today when fire destroyed the farm home of Didace Morrisette.

Morrisette died as he sought to rescue his wife, a 12-year-old son failed to reach safety and Gilberte, a daughter, died from burns.

The fire spreading from the kitchen range where coal oil had been used to start the fire, swept rapidly through the house.

Morrisette and his son, Octave, saw smoke pouring from the house while they were doing the morning chores in the stable. Finding the front door locked, Morrisette battered it in and rushed upstairs to save his invalid wife.

After the father had gone into the house Gilberte came out, her clothes aflame. Octave smothered the burning clothes. Meanwhile Mrs. Geo. McPhee, a second sister, had jumped from an upstairs window with her small baby. Leaving George to care for Gilberte, Octave entered the house and found the bodies of his father and mother wedged behind a door. He strove to rescue them, but his own clothing caught fire and he was forced to flee.

Emile, 11, jumped from a second story window to save himself and was injured in the fall. A third son burned to death. Gilberte died later in the hospital.

## BRAINERD 25 YEARS AGO

From the Daily Dispatch

May 13, 1905

John Tenglund has sold out his bottling works to George Sargent and the latter will take charge in a few days. He is well known in the city, at one time being chief of police.

W. J. Weddell has sold his bakery business on Front street to A. Frolick, the deal being closed last evening. Mr. Weddell expects to move west.

Dr. J. L. Camp has returned from St. Paul where he went to attend a meeting of the commission appointed by ex-Gov. Van Sant to look into the feasibility of establishing a sanatorium at Walker for the treatment of consumptives. It was decided to build a farm home this year as there is not money available for the sanatorium.

Sergt Witte, the recruiting officer, will probably remain at the Ransford all summer. He is going to work the small towns around this city. He has sent about twelve men from Brainerd so far.

Mr. and Mrs. Phil Tardy left today for Pine River where the former expects to conduct a hotel and saloon, having sold out his business here.

Mrs. Judd Wright returned this afternoon from Minneapolis where she attended the Grand Chapter meeting O. E. S.

Two additional rural routes have been established at Little Falls, making nine routes out of that office.

G. W. Mosier returned today from West Baden, Ind., where he has been recuperating.

## "SHEIK'S WIFE" BY WINIFRED VAN DUZER

DESPITE the warnings of her friend, Mary, young and unsophisticated Eve Keade marries Ken Wilmer, well known artist. Eve hopes to become accustomed to the unconventional ways of Ken's artist associates in The Lane. She has a staunch friend in Nory O'Rell, the author. Ken and Eve spend their honeymoon at Eve's uncle's home. They meet Puss Southwick, who asks permission to visit Ken's studio some time. Ken becomes restless and they return home. In spite of many happy hours, numerous differences arise which Eve tries to overlook. To please Ken, she suggests a housewarming. He is enthused. Nory arrives at the peak of it and Eve feels the party would have been unsuccessful without him. Fifi Devoe flirts with Ken. The colony wonders when Ken asks Fifi to pose for him, and Eve resents it. Ken's picture of Eve appears on a magazine cover and she is thrilled. Lonely when Ken's time is taken up with his work and Fifi, Eve visits Nory.

NOW GO ON WITH THE STORY.

### CHAPTER XXIII.

IT WAS Sunday evening and everybody had been invited to the Holly's for supper and had made haste to accept, since the cooking and serving of food was a thing avoided in The Lane whenever possible.

Eve had left Ken putting some finishing touches to work which should have been sent out a week ago and had tramped the afternoon away, swinging along backroads where no cars came and where she met only occasional farm children and the self-contained colliers every farm seemed to own.

The old question was turning itself again in her mind; wouldn't Ken be more interested—love her more—if she could do one of the things everybody in The Lane was doing? Could she learn to write if she tried very hard indeed?

She had wished to ask Nory's advice, but the recollection of what Ken had said about would-be writers and artists held her back. No doubt Nory would feel the same and treat her questions with equal scorn. Still Eve felt that she might do something. Elma Holly—or Elma Shields as she signed herself—who surely had no genius received a high salary for the newspaper column she wrote every day. She made a specialty of giving advice to women; Eve thought the column dull but Ken once said that it was considered good journalism. Jan had no great talent and Nory declared Fifi's success a mere flash in the pan. Indeed Nory was the only real writer in the colony. And it did seem to Eve that she might do as well as the others. She would try—oh, work like a slave—if it made any difference about Ken.

She was still thinking of this on the way back to Ken who seemed preoccupied and more than a little moody as they started out. But Chuck was shaking cocktails and Ken at once cheered up and Eve saw that he meant to drink more than was good for him.

Well—should she remind him that the illustrations for a story "Sky Lines" had sent weeks ago was overdue and that Mr. Barton Wade, the editor, already had telephoned twice? Should she do this—warn him to watch his step

tonight—perhaps precipitate an orgy of temperament during which he would refuse to lift a hand for days on end?

Her uneasiness quickened; she watched the tall, good-looking young fellow she had married with a pleading anxiousness—saw him take the shaker from Chuck, pour a cocktail for himself—another—still another.

She would have gone to him then but they began to file out to the dining room and she trailed along, giddy with relief. The seat-

their little flirtatious gestures as a word in quotation marks is separated from the text of a page.

Eve drew a sharp breath and caught the flicker of Elma's eyes when Elma turned quickly and began to chatter at Pierre Carr. There was the abrupt clatter of talk under which people always bury a strained instant and through the din Nory's voice drawlingly demanded of Clayton how come he figured on sitting next to Eve.

"Out, ole kid, and make it smart. That's the way to deal with pirates," he confided to everybody when Clay had moved. "He's doing that purposely—drawing their attention—bless him . . ." So ran Eve's thought, going round and round in the crazy way of dry leaves caught in a draught.

Nory was handing her things, talking all the while, and she was answering "Yes" — "no" — not hearing a word. Ken . . . Ken and Fifi Devoe . . .

Once Eve had thought that if she were Ken's wife and he were to have a flirtation she would die. But you don't die so easily, much

"Ken . . . Ken and Fifi Devoe"

ing arrangement was always catch-and-scare at Elma's and Eve paused at the nearest chair and saw that Ken was between Chuck and Ivy, glancing about in a questioning way. Ivy saw his hesitation and moved back, giving her hard little laugh, and beckoned Fifi Devoe. She grinned over her shoulder as she moved around the table to the place Fifi had left.

It was one of those things which happened all the time among the crowd and were regarded as all in the stride of The Lane—excepting that this was different somehow, set apart from

as you might wish it. Oh, what use going on now? So that Ken might come back to her after he had tired of Fifi? As Clay came to Jan? So she — Eve — like Jan, might go bursting into the midst of these people crying "My man is back — he always comes back—?"

The shame of that! Yet everybody at this table tonight excepting perhaps only Nory, would sympathize with Ken; everyone would say she had no right to demand all Ken's thought, that all his emotional flights turn to herself. . .

### Bee Colonies

The population of the average bee colony runs from 50,000 to 75,000 workers, with one queen and up to 1,000 drones, when the honey is being stored, and drops to a total of from 10,000 to 15,000 when brood rearing begins in the spring, this being the size of ordinary swarms.

### Peculiarities of Echoes

Echo effects are often different when a hall is full. It has been found that an echo which may be there if a hall is filled with women may be entirely absent when the audience is a male one. The silk of women's garments absorbs sound far less than the thicker tweed and woolen clothing of men.

## Crow Wing County Garden Flower Society In Timely Suggestions

For any spots which you do not want to grow, make a mixture of 20 pounds of sulphur and mix with 60 quarts of water. Boil this and then apply to spots such as garden paths, etc. This will kill all vegetation and do not apply it where you wish to grow grass or flowers.

Spring shrubs should not be pruned until after they have bloomed. Spirea should receive little or no pruning. All other shrubs should be pruned before the growth starts in the spring.

Ordinary manure should not be used on peonies and delphiniums. Bone meal is the only fertilizer that can be used freely on these plants. When the first shoots appear, take a large handful of bone meal and work it in around the entire plant.

Spots in the lawn that have been winterkilled should be reseeded as soon possible. In order to have a good lawn it is necessary to reseed every year until a heavy growth of turf is established.

Most birds are undoubtedly of great assistance in ridding the garden of insects. We should attract by placing appropriate houses or other nesting places in protected locations in or near the garden.

Though all seeds may be planted out safely after the middle of this month, bedding plants and various other kinds

of house plants should not be put out until after Decoration day.

## TRAPPED IN A SMOKE FILLED, BURNING HUOSE

4 PERSONS BURNED TO DEATH  
ON FARM NEAR LA FLECHE,  
SASKATCHEWAN

DIDACE MORRISSETTE VAINLY  
TRIES TO SAVE HIS WIFE  
FROM DEATH

LaFleche, Sask., May 13. — (U.P.) — Trapped in the smoke-filled rooms of a burning house, four persons burned to death today when fire destroyed the farm home of Didace Morissette.

Morissette died as he sought to rescue his wife, a 12-year-old son failed to reach safety and Gilberte, a daughter, died from burns.

The fire spreading from the kitchen range where coal oil had been used to start the fire, swept rapidly through the house.

Morissette and his son, Octave, saw smoke pouring from the house while they were doing the morning chores in the stable. Finding the front door locked, Morissette battered it in and rushed upstairs to save his invalid wife.

After the father had gone into the house Gilberte came out, her clothes aflame. Octave smothered the burning clothes. Meanwhile Mrs. Geo. McPhee, a second sister, had jumped from an upstairs window with her small baby. Leaving George to care for Gilberte, Octave entered the house and found the bodies of his father and mother wedged behind a door. He strove to rescue them, but his own clothing caught fire and he was forced to flee.

Emile, 11, jumped from a second story window to save himself and was injured in the fall. A third son burned to death. Gilberte died later in the hospital.

## BRAINERD 25 YEARS AGO

From the Daily Dispatch

May 13, 1905

John Tenglund has sold out his bottling works to George Sargent and the latter will take charge in a few days. He is well known in the city, at one time being chief of police.

W. J. Weddell has sold his bakery business on Front street to A. Frolick, the deal being closed last evening. Mr. Weddell expects to move west.

Dr. J. L. Camp has returned from St. Paul where he went to attend a meeting of the commission appointed by ex-Gov. Van Sant to look into the feasibility of establishing a sanatorium at Walker for the treatment of consumptives. It was decided to build a farm home this year as there is not money available for the sanatorium.

Sergt Witte, the recruiting officer, will probably remain at the Ransford all summer. He is going to work the small towns around this city. He has sent about twelve men from Brainerd so far.

Mr. and Mrs. Phil Tardy left today for Pine River where the former expects to conduct a hotel and saloon, having sold out his business here.

Mrs. Judd Wright returned this afternoon from Minneapolis where she attended the Grand Chapter meeting O. E. S.

Two additional rural routes have been established at Little Falls, making nine routes out of that office. G. W. Mosier returned today from West Baden, Ind., where he has been recuperating.

### PRESENT PLAY IN IRONTON

The Roosevelt Chapter of DeMolays will give their play "Paying the Fiddler" this evening at the village hall at Ironton. The play was given recently at the Washington high school auditorium to a large crowd.

## "SHEIK'S WIFE" BY WINIFRED VAN DUZER

DESPITE the warnings of her friend, Mary, young and unsophisticated Eve Reade marries Ken Wilmer, well known artist. Eve hopes to become accustomed to the unconventional ways of Ken's artist associates in The Lane. She has a staunch friend in Nory O'Rell, the author. Ken and Eve spend their honeymoon at Eve's uncle's home. They meet Fifi Southwick, who asks permission to visit Ken's studio some time. Ken becomes restless and they return home. In spite of many happy hours, numerous differences arise which Eve tries to overlook. To please Ken, she suggests a housewarming. He is enthused. Nory arrives at the peak of it and Eve feels the party would have been unsuccessful without him. Fifi Devoe flirts with Ken. The colony wonders when Ken asks Fifi to pose for him, and Eve resents it. Ken's picture of Eve appears on a magazine cover and she is thrilled. Lonely when Ken's time is taken up with his work and Fifi, Eve visits Nory.

NOW GO ON WITH THE STORY.

### CHAPTER XXIII.

IT WAS Sunday evening and everybody had been invited to the Holly's for supper and had made haste to accept, since the cooking and serving of food was a thing avoided in The Lane whenever possible.

Eve had left Ken putting some finishing touches to work which should have been sent out a week ago and had tramped the afternoon away, swinging along backroads where no cars came and where she met only occasional farm children and the self-contained colliers every farm seemed to own.

The old question was turning itself again in her mind; wouldn't Ken be more interested—love her more—if she could do one of the things everybody in The Lane was doing? Could she learn to write if she tried very hard indeed?

She had wished to ask Nory's advice, but the recollection of what Ken had said about would-be writers and artists held her back. No doubt Nory would feel the same and treat her questions with equal scorn. Still Eve felt that she might do something. Elma Holly—or Elma Shields as she signed herself—who surely had no genius received a high salary for the newspaper column she wrote every day. She made a specialty of giving advice to women; Eve thought the column dull but Ken once said that it was considered good journalism. Jan had no great talent and Nory declared Fifi's success a mere flash in the pan. Indeed Nory was the only real writer in the colony. And it did seem to Eve that she might do as well as the others. She would try—oh, work like a slave—if it made any difference about Ken.

She was still thinking of this on the way back to Ken who seemed preoccupied and more than a little moody as they started out. But Chuck was shaking cocktails and Ken at once cheered up and Eve saw that he meant to drink more than was good for him.

Well—should she remind him that the illustrations for a story "Sky Lines" had sent weeks ago was overdue and that Mr. Barton Wade, the editor, already had telephoned twice? Should she do this—warn him to watch his step?

tonight—perhaps precipitate an orgy of temperance during which he would refuse to lift a hand for days on end?

Her uneasiness quickened; she watched the tall, good-looking young fellow she had married with a pleading anxiousness—saw him take the shaker from Chuck, pour a cocktail for himself—another—still another.

She would have gone to him then but they began to file out to the dining room and she trailed along, giddy with relief. The seat-

"Ken, Ken and Fifi Devoe!"

ing arrangement was always catch-and-scamble at Elma's and Eve paused at the nearest chair and saw that Ken was between Chuck and Ivy, glancing about in a questioning way. Ivy saw his hesitation and moved back, giving her hard little laugh, and beckoned Fifi Devoe. She grinned over her shoulder as she moved around the table to the place Fifi had left.

It was one of those things which happened all the time among the crowd and were regarded as all in the stride of The Lane—excepting that this was different somehow, set apart from

as you might wish it. Oh, what use going on now? So that Ken might come back to her after he had tired of Fifi? As Clay came to Jan? So she—Eve—like Jan, might go bursting into the midst of these people crying "My man is back—he always comes back—?"

The shame of that! Yet everybody at this table tonight excepting perhaps only Nory, would sympathize with Ken; everyone would say she had no right to demand all Ken's thought, that all his emotional flights turn to herself.

To Be Continued Tomorrow.

### Crow Wing County Garden Flower Society In Timely Suggestions

For any spots which you do not want to grow, make a mixture of 20 pounds of sulphur and mix with 60 quarts of water. Boil this and then apply to spots such as garden paths, etc. This will kill all vegetation and do not apply it where you wish to grow grass or flowers.

Spring shrubs should not be pruned until after they have bloomed. Spirea should receive little or no pruning. All other shrubs should be pruned before the growth starts in the spring.

Ordinary manure should not be used on peonies and delphiniums. Bone meal is the only fertilizer that can be used freely on these plants. When the first shoots appear, take a large handful of bone meal and work it in around the entire plant.

Spots in the lawn that have been winterkilled should be reseeded as soon possible. In order to have a good lawn it is necessary to reseed every year until a heavy growth of turf is established.

Most birds are undoubtedly of great assistance in ridding the garden of insects. We should attract by placing appropriate houses or other nesting places in protected locations in or near the garden.

Though all seeds may be planted out safely after the middle of this month, bedding plants and various other kinds

of house plants should not be put out until after Decoration day.

Harden off your plants that are being raised in the house by placing them outside in the sun on the warm days. Getting them gradually used to outside conditions is a big factor in having plants that will do well later. Care must be taken that the wind does not break off the tiny seedlings.

Have flower boxes and porch boxes this year if possible. They add much to the appearance of a house and we need more of them in Brainerd.

## SCHOOL BOARD TO ORGANIZE TONIGHT

Election of Officers for Ensuing Year to Follow Short Business Meet

COMMENCEMENT MAY 31

Cement Walks to be Placed at Washington Building; Landscaping Planned

Following a short business meeting this evening a special meeting of the Brainerd Board of Education will be held to elect officers and organize for the ensuing year.

The present officers are: R. W. Crust, president; Mrs. J. A. Thabes, Sr., vice president; M. E. Morrison, treasurer; L. F. Hohmann, secretary.

At last week's meeting of the board a representative of the Travelers Insurance Co. was granted an audience to discuss boiler insurance on the three boilers in the Washington high school. The board deferred action until a future meeting pending additional information. Secretary Hohmann was directed to take up matters relative to boiler insurance with the head engineer at the Washington building.

A communication was received from the Brainerd Musical club thanking the board for the use of the auditorium for their last recital.

Boy Scouts were granted the use of the gymnasium on May 23 for the holding of an area roundup taking in all scouts of Central Minnesota.

The County Welfare Board was granted the use of the auditorium for May 26 for the holding of a conference.

A motion was passed acknowledging receipt of a gift donation of books to the high school library and the secretary was instructed to thank Dr. J. A. Thabes for the same.

The request of the Memorial Day committee for use of the auditorium in case of rain on Memorial Day was on motion granted.

Secretary Hohmann was instructed to take up with the firm of Chaff and Boerner, architects of the Washington high the matter of submitting sketches to board relative to the placing of cement sidewalks at the building. The board plans to put the walks in this year then do landscaping around the building next year.

Dr. G. H. Ribbel, chairman of the finance committee reported having placed an additional \$1,000 insurance on equipment in the Washington building. This was done in order to come up to the 80 percent co-insurance provision.

After allowing the payroll of teachers, superintendent and engineers, janitors, etc., the bill of Judd Wright and Son in the amount of \$13.50 for trays for the cafeteria furnished on bids; H. H. Brown and son, electrical contractor on the Washington building, \$23.70 for additional wiring of equipment in the manual training room not included in the original contract and \$426 to the city of Brainerd for payment in full for redecorating all parts of the city hall building used by the board for school purposes the board adjourned to Tuesday evening, May 13.

The report of Superintendent W. C. Cobb for the month of April follows:

"The statistical report of the schools for the month just closed offers nothing out of the ordinary or deserving special comment. The attendance for the month and the number of pupils belonging to the schools for the month has been slightly less than for the two months preceding, and the same will, doubtless, hold true with reference to the last month of the school year.

"The size of the schools this year, however, in comparison with preceding years, would indicate that our school district should receive from State Apportionment and Supplemental State Aid an amount greater than last year of from \$1,000 to \$1,500.

"We are hoping, in arranging for Commencement Exercises, May 31, to have, in addition to the graduating class, consisting of 120 members, the members of the board and the high school faculty seated on the platform, if the size of the stage with the chairs available will permit of this number which will be about 150. Rev. William C. Sainsbury, of Fargo, N. D., will deliver the address on the subject: "Where do you Live?"

"A communication from the St. Paul Book & Stationery Co. just received informs us that the recent order for

library books have already been shipped and will be ready for placing on the shelves within a short time. A very excellent set of "Messages and Documents of the Presidents," well bound and illustrated, has just been donated to the new high school library by Dr. J. A. Thabes. This will be a very useful and valuable addition to the reference department of the library and if secured by purchase could not be bought for less than \$50.00.

"The superintendent has been asked by the Memorial Day committee to present a request at this meeting for the use of the high school auditorium, in case of rain, for the Memorial Day program, and we infer that the request means free of charge. I would recommend that the request be granted, as the opera house management in years past usually furnished the opera house without charge for these exercises in the event of rain preventing the carrying out of the program at the cemetery.

"If reservations for persons other than parents of the 120 graduates and the members of the Board of Education and their families and the teachers of the Brainerd school system, such matters should be either settled at this meeting or placed in charge of a committee."

## 50TH WEDDING ANNIVERSARY

Celebrated by Mr. and Mrs. Charles Bislar at Their Home in Virginia

FORMER BRAINERD RESIDENTS More Than 35 Friends and Relatives Present at Sunday Celebration

Mr. and Mrs. George Bislar and Mr. and Mrs. Peter Bislar of Brainerd were at Virginia Sunday to attend a dinner at the Ormonde Hotel, celebrating the 50th wedding anniversary of Mr. and Mrs. Charles Bislar of that city, formerly of Brainerd. More than 35 friends and relatives were present.

Mr. and Mrs. Bislar have made their home in Virginia for the past 21 years, going there from Brainerd. They were married April 27, 1880 at Montreal, Canada, and from there went to Little Falls where they lived a few years before moving to Brainerd.

Mrs. Bislar, who is 77 years old, was before her marriage Miss Mary Lescault. Mr. Bislar is 74 years old and had been an employee of the Oliver Iron Mining company until his retirement a few years ago.

The three children of Mr. and Mrs. Bislar were present at the celebration, Mrs. J. B. Small of Nashua; Mrs. Fred Vincent of St. Paul and Edward Bislar of New Jersey. Mrs. Small has been visiting her parents for several days.

Table decorations for the banquet were carried out in a spring color scheme of yellow and white, cut flowers forming the centerpiece of the table.

Before separating, plans have been made to take a four generation picture which will include Mr. and Mrs. Bislar, their daughter Mrs. Small, their granddaughter Mrs. Earl Galloway of Duluth, and their great grandchild, Jerry Galloway.

## IRISH EVANGELIST TALKS, FORCEFUL

He hews to the line. He lets the chips fall where they may.

These words are used by Rev. Carl J. Ackerman in describing the talks by Pat Malone, Irish evangelist, who is addressing large audiences at the Swedish Baptist church nightly.

Malone will take for his topic tonight, "How Much Do You Weigh?"

## CEMETERY NOTICE

All owners of lots in Evergreen Cemetery will please pay for care of lots at once. All lots will be cared for as necessary to keep up uniform appearance of cemetery and work charged to owner of lots. If owners desire to care for lots themselves, arrangements should be made now with the superintendent.

## LEGION POPPY DAYS, MAY 16, 17

Poppies to be Sold on Streets Next Friday and Saturday

DISABLED MEN AIDED

Mrs. A. C. Mraz is Local Chairman of Committee of Four of Legion Auxiliary

Each year a couple of weeks preceding Memorial Day, the American Legion sponsors and the American Legion Auxiliary conducts a national poppy sale to provide funds for the veterans welfare work.

There is only one official Legion and Auxiliary poppy—and it is made entirely by disabled men in the auxiliary poppy work room at Minneapolis and bears the approved label of both organizations.

Each person buying a poppy helps the disabled earn their own living as well as helping the local American Legion auxiliary make some child or wife of a disabled man in their own locality happy by providing food and clothing.

The poppy is worn on Memorial Day in memory of those who sacrificed their lives for us, and this is truly honoring the dead through service to their comrades the disabled veterans.

Poppies will be sold on the streets of Brainerd on Friday and Saturday, May 16 and 17. Mrs. A. C. Mraz is local chairman, assisted by Mrs. W. C. Mannis, Mrs. E. H. Rhodes and Miss Evelyn Mraz. Many Brainerd women and the Campfire girls are giving of their time to assist in the sale of the poppies. Don't pass them without doing your bit in buying a poppy—a nickel or a dime, or an amount desired.

"In Flanders Fields the Poppies blow. Between the Crosses row on row."

## DOCTORS TO GIVE FREE EXAMINATIONS

No Charge Made to Young Men Making Application for C. M. T. C. Enrollment

Young men making application for enrollment to C. M. T. C. will receive physical examinations, typhoid inoculation and smallpox vaccination without charge by the following physicians:

Drs. G. I. Badeaux, Carl E. Anderson, Milo P. Gerber, L. F. Hawkins, Earl F. Jamieson, Nesmith P. Nelson, Brainerd; Otto F. Ringle, Baxter A. Smith, Crosby; Sylvester S. Shannon, Ironton; Abraham E. Rosenfield, Pequot.

The normal camp to which applicants from this county will be sent opens at Fort Snelling on August 1 and continues to August 30. Young men between the ages of 17 and 24 are eligible for the basic, or first-year course. Age limits for those who take the advance courses vary according to the course to be taken.

The government pays all necessary expense at these camps, including travel allowance at the rate of five cents per mile to the nearest camp and return. Food, lodging, uniforms, laundry and medical care are furnished without cost to the candidate.

Dr. Badeaux, county chairman for the C. M. T. C., advises all young men who want to take advantage of the wonderful training and physical development available at these camps to submit their applications as soon as possible, as it is expected that a sufficient number to fill the camp quota will apply early this summer, and those who wait may be too late.

Application blanks may be obtained from Dr. Badeaux or doctors named above or write to the C. M. T. C. Officer, 88th Division, 535 Palace Building, Minneapolis, Minnesota.

The filing of an application does not obligate the applicant to attend camp. He may withdraw at any time, but it is necessary that applications be filed early in order to receive consideration and assure a place on the list of those selected.

## BIRTHDAY PARTY

Little Marion Hoffman will celebrate her fifth birthday tomorrow afternoon at her home, 523 North Tenth street when she will entertain nine of her little friends. Games will be played, followed by a birthday luncheon served by her mother.

## PERSONAL INJURY SUIT IN 2ND DAY

The \$22,500 damage suit by Dorothy Kretschmar against Frank Orth and Erland Olson, occupants of the car with her at the time of the accident on Highway No. 2 between Brainerd and Crosby on March 15, 1930, continued in its second day in district court today with the plaintiff's witnesses being questioned.

The case will continue another day, at least, it was indicated. Miss Kretschmar is bringing the action to compensate herself for disfigurement as a result of the accident.

Elks Officers Conduct Ritual for Man Who Dies From Injuries in Fall

The Elks Temple was filled to capacity as brother lodge members and friends paid respects to the late Carl M. Molstad at funeral rites this afternoon.

Elks officers conducted the ritual, Rev. J. R. Michaelson officiating. The pallbearers were: Caleb Thoe, Albert E. Broman, Alfred Zahn, Arthur Fricker, William Cossette, and John Hohmann.

Interment was at Evergreen cemetery. Molstad died early Saturday as a result of a fall.

## OFFICIALLY OPEN LINKS FOR PLAY

Saturday, May 17, Is Date Set for Opening Grass Greens at the Country Club

GREENS IN FINE SHAPE

Sunday Machinery and Equipment Will Be Assembled for Inspection by Club

The Brainerd Country club will be officially opened for play on the grass greens Saturday, May 17. Seven of the greens are in fine shape. Nos. 2 and 7, however, are not so good. New greens on these two holes are now under development and will be ready to use in a short time.

Very few members know what use is made of their money and what is required in equipment and machinery to take proper care of a golf club. On Sunday, May 18, President George E. Trent, Sr., will have mobilized at No. 1 tee all of the machinery and equipment belonging to the club and he hopes all members of the club and others interested will take the time to drive out and look these things over.

The chairman of the grounds committee, Myron Smith, and the grounds keeper, Lud Larson, will be on hand to explain the uses and requirements of the different equipment.

## RAINBOW TAVERN TO OPEN MAY 30

William Mueller, proprietor of Rainbow Tavern, located 12 miles north on Highway No. 19, arrived in the city today from his home at St. Paul and is preparing for the opening of the Tavern and its ten cottages on Decoration Day, May 30.

Mr. Mueller states that from his observation and communications with prospective tourists the season this summer will be better than any previous.

Rainbow Tavern represents an expenditure of more than \$10,000. An oil station is in connection with the Tavern.

SULLIVAN OPPOSES MOTION

Physician for State to Examine Death Car Driver; Judge to Decide Tomorrow

Dwight McFerran, who faces a manslaughter charge in connection with the death of a Brainerd girl in a car accident on Ash avenue on October 15, 1929, states to the court in a petition that he is in no physical condition to stand trial at this term of district court.

His attorney, C. A. Ryan, presents a further affidavit signed by Dr. O. E. Hubbard in which the Brainerd physician substantiates this statement.

Mr. Ryan has moved that the case be continued on the calendar over the term.

Anxious that the case come up at this term of court County Attorney Arthur J. Sullivan is opposing the motion and has been granted permission to have a doctor examine McFerran this afternoon.

Judge B. F. Wright is expected to announce his decision in the matter tomorrow morning.

Charles Eue, charged with arson in connection with the burning of his home, entered a plea of not guilty when arraigned before Judge Wright yesterday afternoon. He was accompanied by his attorney, Donald Ryan.

## SCHOOL BOARD TO ORGANIZE TONIGHT

Election of Officers for Ensuing Year to Follow Short Business Meet

### COMMENCEMENT MAY 31

Cement Walks to be Placed at Washington Building; Landscaping Planned

Following a short business meeting this evening a special meeting of the Brainerd Board of Education will be held to elect officers and organize for the ensuing year.

The present officers are: R. W. Crust, president; Mrs. J. A. Thabes, Sr., vice president; M. E. Morrison, treasurer; L. F. Hohman, secretary.

At last week's meeting of the board a representative of the Travelers Insurance Co. was granted an audience to discuss boiler insurance on the three boilers in the Washington high school. The board deferred action until a future meeting pending additional information. Secretary Hohman was directed to take up matters relative to boiler insurance with the head engineer at the Washington building.

A communication was received from the Brainerd Musical club thanking the board for the use of the auditorium for their last recital.

Boys Scouts were granted the use of the gymnasium on May 23 for the holding of an area roundup taking in all scouts of Central Minnesota.

The County Welfare Board was granted the use of the auditorium for May 26 for the holding of a conference.

A motion was passed acknowledging receipt of a gift donation of books to the high school library and the secretary was instructed to thank Dr. J. A. Thabes for the same.

The request of the Memorial Day committee for use of the auditorium in case of rain on Memorial Day was on motion granted.

Secretary Hohman was instructed to take up with the firm of Croft and Boerner, architects of the Washington high the matter of submitting sketches to board relative to the placing of cement sidewalks at the building. The board plans to put the walks in this year then do landscaping around the building next year.

Dr. G. H. Ribbel, chairman of the finance committee reported having placed an additional \$1,000 insurance on equipment in the Washington building. This was done in order to come up to the 80 percent co-insurance provision.

After allowing the payroll of teachers, superintendent and engineers, janitors, etc.; the bill of Judd Wright and Son in the amount of \$13.50 for trays for the cafeteria furnished on bids; H. H. Brown and son, electrical contractor on the Washington building, \$23.70 for additional wiring of equipment in the manual training room not included in the original contract and \$426 to the city of Brainerd for payment in full for redecorating all parts of the city hall building used by the board for school purposes the board adjourned to Tuesday evening, May 13.

The report of Superintendent W. C. Cobb for the month of April follows:

"The statistical report of the schools for the month just closed offers nothing out of the ordinary or deserving special comment. The attendance for the month and the number of pupils belonging to the schools for the month has been slightly less than for the two months preceding, and the same will, doubtless, hold true with reference to the last month of the school year.

"The size of the schools this year, however, in comparison with preceding years, would indicate that our school district should receive from State Apportionment and Supplemental State Aid an amount greater than last year of from \$1,000 to \$1,500.

"We are hoping, in arranging for Commencement Exercises, May 31, to have, in addition to the graduating class, consisting of 120 members, the members of the board and the high school faculty seated on the platform, if the size of the stage with the chairs available will permit of this number which will be about 150. Rev. William C. Sainsbury, of Fargo, N. D., will deliver the address on the subject: 'Where do you Live?'

"A communication from the St. Paul Book & Stationery Co. just received informs us that the recent order for

library books have already been shipped and will be ready for placing on the shelves within a short time. A very excellent set of 'Messages and Documents of the Presidents,' well bound and illustrated, has just been donated to the new high school library by Dr. J. A. Thabes. This will be a very useful and valuable addition to the reference department of the library and if secured by purchase could not be bought for less than \$50.00.

"The superintendent has been asked by the Memorial Day committee to present a request at this meeting for the use of the high school auditorium, in case of rain, for the Memorial Day program, and we infer that the request means free of charge. I would recommend that the request be granted, as the opera house management in years past usually furnished the exercises without charge for these exercises in the event of rain preventing the carrying out of the program at the cemetery.

"If reservations are to be made in the auditorium for persons other than parents of the 120 graduates and the members of the Board of Education and their families and the teachers of the Brainerd school system, such matters should be either settled at this meeting or placed in charge of a committee."

## 50TH WEDDING ANNIVERSARY

Celebrated by Mr. and Mrs. Charles Bisiar at Their Home in Virginia

More Than 35 Friends and Relatives Present at Sunday Celebration

Mr. and Mrs. George Bisiar and Mr. and Mrs. Peter Bisiar of Brainerd were at Virginia Sunday to attend a dinner at the Ormonde Hotel, celebrating the 50th wedding anniversary of Mr. and Mrs. Charles Bisiar of that city, formerly of Brainerd. More than 35 friends and relatives were present.

Mr. and Mrs. Bisiar have made their home in Virginia for the past 21 years, going there from Brainerd. They were married April 27, 1880 at Montreal, Canada, and from there went to Little Falls where they lived a few years before moving to Brainerd.

Mrs. Bisiar, who is 77 years old, was before her marriage Miss Mary Lescault. Mr. Bisiar is 74 years old and had been an employee of the Oliver Iron Mining company until his retirement a few years ago.

The three children of Mr. and Mrs. Bisiar were present at the celebration, Mrs. J. B. Small of Nashua; Mrs. Fred Vincent of St. Paul and Edward Bisiar of New Jersey. Mrs. Small has been visiting her parents for several days.

Table decorations for the banquet were carried out in a spring color scheme of yellow and white, cut flowers forming the centerpiece of the table.

Before separating, plans have been made to take a four generation picture which will include Mr. and Mrs. Bisiar, their daughter Mrs. Small, their granddaughter Mrs. Earl Galloway of Duluth, and their great grandchild, Jerry Galloway.

## LEGION POPPY DAYS, MAY 16, 17

Poppies to be Sold on Streets Next Friday and Saturday

### DISABLED MEN AIDED

Mrs. A. C. Mraz is Local Chairman of Committee of Four of Legion Auxiliary

Each year a couple of weeks preceding Memorial Day, the American Legion sponsors and the American Legion Auxiliary conducts a national poppy sale to provide funds for the veterans welfare work.

There is only one official Legion and Auxiliary poppy—and it is made entirely by disabled men in the auxiliary poppy work room at Minneapolis and bears the approved label of both organizations.

Each person buying a poppy helps the disabled earn their own living as well as helping the local American Legion auxiliary make some child or wife of a disabled man in their own locality happy by providing food and clothing.

The poppy is worn on Memorial Day in memory of those who sacrificed their lives for us, and this is truly honoring the dead through service to their comrades the disabled veterans.

Poppies will be sold on the streets of Brainerd on Friday and Saturday, May 16 and 17. Mrs. A. C. Mraz is local chairman, assisted by Mrs. W. C. Mannis, Mrs. E. H. Rhodes and Miss Evelyn Mraz. Many Brainerd women and the Campfire girls are giving of their time to assist in the sale of the poppies. Don't pass them without doing your bit in buying a poppy—a nickel or a dime, or an amount desired. "In Flanders fields the Poppies blow. Between the Crosses row on row."

## DOCTORS TO GIVE FREE EXAMINATIONS

No Charge Made to Young Men Making Application for C. M. T. C. Enrollment

Young men making application for enrollment to C. M. T. C. will receive physical examinations, typhoid inoculation and smallpox vaccination without charge by the following physicians:

Drs. G. I. Badeaux, Carl E. Anderson, Milo P. Gerber, L. F. Hawkins, Earl F. Jamieson, Nesmith P. Nelson, Brainerd; Otto F. Ringle, Baxter A. Smith, Crosby; Sylvester S. Shannon, Ironton; Abraham E. Rosenfield, Pequot.

The normal camp to which applicants from this county will be sent opens at Fort Snelling on August 1 and continues to August 30. Young men between the ages of 17 and 24 are eligible for the basic, or first-year course. Age limits for those who take the advance courses vary according to the course to be taken.

The government pays all necessary expense at these camps, including travel allowance at the rate of five cents per mile to the nearest camp and return. Food, lodging, uniforms, laundry and medical care are furnished without cost to the candidate.

Dr. Badeaux, county chairman for the C. M. T. C., advises all young men who want to take advantage of the wonderful training and physical development available at these camps to submit their applications as soon as possible, as it is expected that a sufficient number to fill the camp quota will apply early this summer, and those who wait may be too late.

Application blanks may be obtained from Dr. Badeaux or doctors named above or write to the C. M. T. C. Officer, 88th Division, 835 Palace Building, Minneapolis, Minnesota.

The filing of an application does not obligate the applicant to attend camp. He may withdraw at any time, but it is necessary that applications be filed early in order to receive consideration and assure a place on the list of those selected.

## BOYS HAVE SINGING ROLES IN OPERETTA

The operetta "A Nautical Knot," to be shown at the high school auditorium May 16, promises to have the most interesting music of any operetta given by the high school. The phase that is most pleasing to the high school is the cooperation of the boys. The masculine part of this sailor play abounds in basso profundos and lyric tenors, and this year Miss Cora Rickard has been so very fortunate as to have many excellent voices to sing the parts of the sailors.

The male choruses are a delight to the ear, and in the ensemble choruses the heavy male voices give the sort of background for sopranos that makes that type of singing especially enjoyable. There will be swagging sailors galore, and in one special act the artists come strolling in for a song or two.

Especially delightful will be the costume, taking the North Western Costume house for their finest robes. Swaying, dancing figures in beffed gowns will contrast with the exotic clothes of the "Sweetheart Chorus" and the dress uniforms of the sailors, in both chorus and principals.

Thursday after school a special children's matinee will be held. Proceeds will be used for the grand piano benefit.

### Diamonds in United States

Diamonds up to 22 carats have been found in 24 localities in the United States.

### Wonderful Natural Bridge

Rainbow Bridge is unique, in that it is not only symmetrical underneath the arch, but it is also curved on the surface, carrying out, roughly, the rainbow, for which it is named. This bridge is situated a little north of the Arizona line in Utah, on the Plate Indian reservation.

### Old New York Landmark

The old Madison Square garden in New York was the site of the Hippodrome, opened in 1873 by Barnum. This was supplanted by Madison Square garden in 1879. This location was the original site of the old Harlem railroad station.

## Ends Piles Quick

No Salves or Cutting

Piles are caused by congestion of blood in the lower bowel. Only an internal medicine can remove the cause. That's why salves and cutting fail. HEM-ROID, the prescription of Dr. J. S. Leonhardt, removes this congestion and strengthens the affected parts.

HEM-ROID is now sold by druggists everywhere, and has such a wonderful record of success even in chronic and stubborn cases that H. P. Dunn and Johnson's Pharmacy invite every Pile sufferer to try HEM-ROID and guarantee money-back if it does not end all Pile misery. advt.

Motor Car Manufacturers Say...

Change your Oil every 500 to 1000 miles

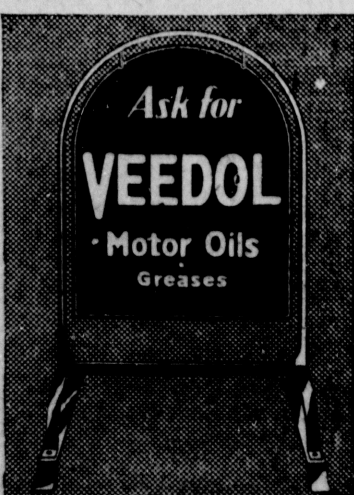

Buick, Chevrolet, Dodge, Essex, Hudson, Graham-Paige, Hupmobile, Nash, Oakland, Oldsmobile, Reo, Studebaker, Willys-Knight, Whippet and many other instruction books tell you to drain every 500 miles in Winter and every 1000 miles in Summer.

Ford says 500 miles Winter and Summer. Are you doing it?... Change now.
